- (1) See Note 1 of the Notes to Financial Statements for a discussion of the methodologies used to value securities in the portfolio.
- (2) The Company's obligations to the lenders of the Credit Facility are secured by a first priority security interest in all non-controlled non-affiliated investments and cash, but exclude \$2,801,078 of cash and \$96,618,101 of investments (at par) that are held by Stellus Capital SBIC LP. See Note 1 of the Notes to the Consolidated Financial Statements for a discussion.
- (3) These loans have LIBOR Floors which are higher than the current applicable LIBOR rates; therefore, the floors are in effect.
- (4) Security is non-income producing.
- (5) The investment is not a qualifying asset under the Investment Company Act of 1940, as amended. The Company may not acquire any non-qualifying assets unless, at the time of the acquisition, qualifying assets represent at least 70% of the Company's total assets. Qualifying assets represent approximately 84% of the Company's total assets.
- (6) Represents a payment-in-kind security. At the option of the issuer, interest can be paid in cash or cash and PIK. The percentage of PIK shown is the maximum PIK that can be elected by the issuer.
- (7) Investment has been on non-accrual status since January 1, 2014. The coupon rate on this investment includes 2% default interest.
- (8) T2 Systems Canada, Inc. is the Canadian co-borrower of the term loan of T2 Systems, Inc.
- (9) Excluded from the investment is an undrawn commitment in an amount not to exceed \$1,250,000, with an interest rate of LIBOR plus 9.00% (0.50% LIBOR floor) and a maturity of October 22, 2019. This investment is accruing an unused commitment fee of 0.50% per annum.
- (10) Excluded from the investment is an undrawn commitment in an amount not to exceed \$1,600,000, with an interest rate of LIBOR plus 7.50% and a maturity of September 30, 2018. This investment is accruing an unused commitment fee of 0.50% per annum.

Stellus Capital Investment Corporation

**Consolidated Schedule of Investments – (unaudited)
June 30, 2016**

- (11) Variable rate loans bear interest at a rate that may be determined by reference to either LIBOR (which can include one-, two-, three- or six-month LIBOR) or an alternate base rate (which can include the Federal Funds Effective Rate or the Prime Rate), at the borrower's option, which rates reset periodically based on the terms of the loan agreement.
- (12) These loans have LIBOR floors which are lower than the applicable LIBOR rates; therefore, the floors are not in effect.
- (13) The coupon rate on this investment includes 2% default interest.
- (14) These loans are last-out term loans with contractual base rates higher than the applicable LIBOR rates; therefore, the floors are not in effect.

Abbreviation Legend

L — LIBOR

PIK — Payment-In-Kind

Stellus Capital Investment Corporation

**Consolidated Schedule of Investments
December 31, 2015**

- (1) See Note 1 of the Notes to Financial Statements for a discussion of the methodologies used to value securities in the portfolio.
- (2) The Company's obligations to the lenders of the Credit Facility are secured by a first priority security interest in all non-controlled nonaffiliated investments and cash, but exclude \$3,012,259 of cash and \$95,531,697 of investments (at par) that are held by Stellus Capital SBIC LP. See Note 1 of the Notes to the Consolidated Financial Statements for discussion.
- (3) These loans have LIBOR Floors which are higher than the current applicable LIBOR rates; therefore, the floors are in effect.
- (4) Security is non-income producing.
- (5) The investment is not a qualifying asset under the Investment Company Act of 1940, as amended. The Company may not acquire any non-qualifying assets unless, at the time of the acquisition, qualifying assets represent at least 70% of the Company's total assets. Qualifying assets represent approximately 83% of the Company's total assets.
- (6) Represents a payment-in-kind security. At the option of the issuer, interest can be paid in cash or cash and PIK. The percentage of PIK shown is the maximum PIK that can be elected by the issuer.
- (7) Investment has been on non-accrual status since January 1, 2014. The coupon rate on this investment includes 2% default interest.
- (8) Digital Payment Technologies Corp. amended its name to T2 Systems Canada, Inc. and is the Canadian co-borrower of the term loan of T2 Systems, Inc.
- (9) Excluded from the investment is an undrawn revolver commitment in an amount not to exceed \$1,250,000, with an interest rate of LIBOR plus 9.00% (0.50% LIBOR floor) and a maturity of October 22, 2019. This investment is accruing an unused commitment fee of 0.50% per annum.
- (10) Excluded from the investment is an undrawn commitment in an amount not to exceed \$1,600,000, with an interest rate of LIBOR plus 7.50% and a maturity of September 30, 2018. This investment is accruing an unused commitment fee of 0.50% per annum.
- (11) Variable rate loans bear interest at a rate that may be determined by reference to either LIBOR (which can include one-, two-, three- or six month LIBOR) or an alternate base rate (which can include the Federal Funds Effective Rate or the Prime Rate), at the borrower's option, which rates reset periodically based on the terms of the loan agreement.
- (12) Excluded from the investment is an undrawn commitment in an amount not to exceed \$407,405, an interest rate of LIBOR Plus 8.00% and a maturity of May 22, 2020.
- (13) This loan has a Prime floor of 2.00% which is lower than the current applicable Prime rate.
- (14) These loans have LIBOR floors which are lower than the applicable LIBOR rates; therefore, the floors are not in effect.
- (15) The coupon rate on this investment includes 2% default interest.
- (16) These loans are last-out term loans with contractual base rates higher than the applicable LIBOR rates; therefore, the floors are not in effect.

L — LIBOR

Euro — Euro Dollar

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

NOTE 1 — NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Stellus Capital Investment Corporation (“we”, “us”, “our” and the “Company”) was formed as a Maryland corporation on May 18, 2012 (“Inception”) and is an externally managed, closed-end, non-diversified investment management company. The Company is applying the guidance of Accounting Standards Codification (“ASC”) Topic 946, *Financial Services Investment Companies*. The Company has elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940, as amended (the “1940 Act”) and treated as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”) for U.S. federal income tax purposes. The Company’s investment activities are managed by our investment adviser, Stellus Capital Management, LLC (“Stellus Capital” or the “Advisor”).

On November 7, 2012, the Company priced its initial public offering (the “Offering”), at a price of \$15.00 per share. In connection with the Offering, the Company sold 9,200,000 shares (including 1,200,000 shares pursuant to the underwriters’ exercise of the overallotment option) for gross proceeds of \$138,000,000. Since Inception, the Company has raised \$151,250,000 including (i) \$500,010 of seed capital contributed by Stellus Capital, (ii) \$12,749,990 in a private placement to certain purchasers, including persons and entities associated with Stellus Capital, and (iii) \$138,000,000 in the Offering. In addition, in connection with the acquisition of the Company’s initial portfolio, the Company issued \$29,159,145 in shares of the Company’s common stock. The Company’s shares are currently listed on the New York Stock Exchange under the symbol “SCM”.

The Company has established the following wholly owned subsidiaries: SCIC — Consolidated Blocker 1, Inc., SCIC — ERC Blocker 1, Inc., SCIC — SKP Blocker 1, Inc. and SCIC — APE Blocker 1, Inc., and SCIC — HUF Blocker 1, Inc., which are structured as Delaware entities, to hold equity or equity-like investments in portfolio companies organized as limited liability companies, or LLCs (or other forms of pass-through entities) (collectively, the “Taxable Subsidiaries”). The Taxable Subsidiaries are consolidated for U.S. generally accepted accounting principles (“U.S. GAAP”) reporting purposes, and the portfolio investments held by them are included in the consolidated financial statements.

On June 14, 2013, we formed Stellus Capital SBIC, LP (the “SBIC subsidiary”), a Delaware limited partnership, and its general partner, Stellus Capital SBIC GP, LLC, a Delaware limited liability company, as wholly owned subsidiaries of the Company. On June 20, 2014, the SBIC subsidiary received a license from the U.S. Small Business Administration (“SBA”) to operate as a Small Business Investment Company (“SBIC”) under Section 301(c) of the Small Business Investment Company Act of 1958. The SBIC subsidiary and its general partner are consolidated for U.S. GAAP reporting purposes, and the portfolio investments held by it are included in the consolidated financial statements.

The SBIC license allows the SBIC subsidiary to obtain leverage by issuing SBA-guaranteed debentures (“SBA Debentures”), subject to the issuance of a capital commitment by the SBA and other customary procedures. SBA Debentures are non-recourse, interest only debentures with interest payable semi-annually and have a ten year maturity. The principal amount of SBA Debentures is not required to be paid prior to maturity but may be prepaid at any time without penalty. The interest rate of SBA Debentures is fixed on a semi-annual basis at a market-driven spread over U.S. Treasury Notes with 10-year maturities. The SBA, as a creditor, will have a superior claim to the SBIC’s assets over the Company’s stockholders in the event the Company liquidates the SBIC subsidiary or the SBA exercises its remedies under the SBA Debentures issued by the SBIC subsidiary upon an event of default. See footnote (2) of the Consolidated Schedule of Investments. SBA regulations currently limit the amount that an SBIC may borrow to a maximum of \$150 million when it has at least \$75 million in regulatory capital, as such term is defined by the SBA, receives a capital commitment from the SBA and has been through an examination by the SBA subsequent to licensing. As of June 30, 2016 and December 31, 2015, the SBIC subsidiary had \$32.5 million of regulatory capital, as such term is defined by the SBA, and has received commitments from the SBA of \$65.0 million. As of both June 30, 2016 and December 31, 2015, the SBIC subsidiary had \$65.0 million of SBA Debentures outstanding.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

The Company's investment objective is to maximize the total return to its stockholders in the form of current income and capital appreciation through debt and related equity investments in middle-market companies. The Company seeks to achieve its investment objective by originating and investing primarily in private U.S. middle-market companies (typically those with \$5.0 million to \$50.0 million of EBITDA (earnings before interest, taxes, depreciation and amortization)) through first lien, second lien, unitranche and mezzanine debt financing, with corresponding equity co-investments. The Company sources investments primarily through the extensive network of relationships that the principals of Stellus Capital have developed with financial sponsor firms, financial institutions, middle-market companies, management teams and other professional intermediaries.

Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared on the accrual basis of accounting in conformity with U.S. GAAP for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Article 10 of Regulation S-X under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Accordingly, certain disclosures accompanying the annual financial statements prepared in accordance with U.S. GAAP are omitted. The unaudited consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries.

In the opinion of management, the unaudited consolidated financial results included herein contain all adjustments, consisting solely of normal recurring accruals, considered necessary for the fair presentation of the financial statements for the interim periods included herein. The results of operations for the three and six months ended June 30, 2016 and June 30, 2015 are not necessarily indicative of the operating results to be expected for the full year. Also, the unaudited consolidated financial statements and notes should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2015. Certain reclassifications have been made to certain prior period balances to conform with current presentation. In accordance with Regulation S-X under the Securities Act of 1933, as amended, and the Exchange Act, the Company does not consolidate portfolio company investments. The accounting records of the Company are maintained in U.S. dollars.

Portfolio Investment Classification

The Company classifies its portfolio investments in accordance with the requirements of the 1940 Act as follows: (a) "Control Investments" are defined as investments in which the Company owns more than 25% of the voting securities or has rights to maintain greater than 50% of the board representation, (b) "Affiliate Investments" are defined as investments in which the Company owns between 5% and 25% of the voting securities and does not have rights to maintain greater than 50% of the board representation, and (c) "Non-controlled, non-affiliate investments" are defined as investments that are neither Control Investments or Affiliate Investments.

Cash and Cash Equivalents

At June 30, 2016, cash balances totaling \$10,834,194 exceeded FDIC insurance protection levels of \$250,000 by \$10,584,194, subjecting the Company to risk related to the uninsured balance. All of the Company's cash deposits are held at large established high credit quality financial institutions and management believes that risk of loss associated with any uninsured balances is remote.

Cash consists of bank demand deposits. We deem certain U.S. Treasury Bills and other high-quality, short-term debt securities as cash equivalents. At the end of each fiscal quarter, we may take proactive steps to ensure we are in compliance with the RIC diversification requirements under Subchapter M of the Code, which are dependent upon the composition of our total assets at quarter end. We may accomplish this in several ways, including purchasing U.S. Treasury Bills and closing out positions after quarter-end or temporarily drawing down on the Credit Facility (see Note 7). On June 30, 2016 and December 31, 2015, we held no U.S. Treasury Bills.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

Use of Estimates

The preparation of the consolidated statements of assets and liabilities in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Changes in the economic environment, financial markets and any other parameters used in determining these estimates could cause actual results to differ materially.

Deferred Financing Costs, Prepaid Loan Fees on SBA Debentures and Prepaid Loan Structure Fees

Deferred financing costs, prepaid loan fees on SBA Debentures and prepaid loan structure fees consist of fees and expenses paid in connection with the closing of our Credit Facility, the Notes (See Note 8) and SBA Debentures and are capitalized at the time of payment. These are costs are presented as a direct deduction to the carrying amount of the respective liability and amortized using the straight line method over the term of the respective instrument.

Deferred Offering Costs

Deferred offering costs consist of fees and expenses incurred in connection with the offer and sale of the Company's common stock and bonds, including legal, accounting, printing fees and other related expenses, as well as costs incurred in connection with the filing of a shelf registration statement. These costs are capitalized when incurred and recognized as a reduction of offering proceeds when the offering becomes effective. During the quarter ended June 30, 2016, the Company determined that it was no longer likely to issue shares under its current shelf registration statement. As a result, as of June 30, 2016, the Company has expensed \$261,761 of previously capitalized deferred offering costs.

Investments

As a BDC, the Company will generally invest in illiquid loans and securities including debt and equity securities of middle-market companies. Under procedures established by our board of directors, the Company intends to value investments for which market quotations are readily available at such market quotations. The Company will value these investments based on these market values from an independent pricing service or at the median between the bid and ask prices obtained from at least two brokers or dealers (if available, otherwise by a principal market maker or a primary market dealer). Debt and equity securities that are not publicly traded or whose market prices are not readily available will be valued at fair value as determined in good faith by our board of directors. Such determination of fair values may involve subjective judgments and estimates. The Company also engages independent third-party valuation providers to review the valuation of each portfolio investment that does not have a readily available market quotation at least twice annually.

Investments purchased within 90 days of the valuation date will be valued at cost plus accreted discount, or minus amortized premium, which approximates fair value. With respect to unquoted securities, our board of directors, will value each investment considering, among other measures, discounted cash flow models, comparisons of financial ratios of peer companies that are public and other factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, the board of directors will use the pricing indicated by the external event to corroborate and/or assist us in our valuation. Because the Company expects that there will not be a readily available market for many of the investments in its portfolio, the Company expects to value most of its portfolio investments at fair value as determined in good faith by the board of directors using a documented valuation policy and a consistently applied valuation process. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may differ significantly from the values that would have been used had a readily available market value existed for such investments, and the differences could be material.

In following these approaches, the types of factors that will be taken into account in fair value pricing investments will include, as relevant, but not be limited to:

- available current market data, including relevant and applicable market trading and transaction comparables;

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

- applicable market yields and multiples;
- security covenants;
- call protection provisions;
- information rights;
- the nature and realizable value of any collateral;
- the portfolio company's ability to make payments, its earnings and discounted cash flows and the markets in which it does business;
- comparisons of financial ratios of peer companies that are public;
- comparable merger and acquisition transactions; and
- the principal market and enterprise values.

Revenue Recognition

We record interest income on an accrual basis to the extent such interest is deemed collectible. We will not accrue interest on loans and debt securities if we have reason to doubt our ability to collect such interest. Loan origination fees, original issue discount and market discount or premium are capitalized, and we then accrete or amortize such amounts using the effective interest method as interest income. Upon the prepayment of a loan or debt security, any unamortized loan origination fee is recorded as interest income. We record prepayment premiums on loans and debt securities as other income. Dividend income, if any, will be recognized on the ex-dividend date.

Net Realized Gains or Losses and Net Change in Unrealized Appreciation or Depreciation

We measure realized gains or losses by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment, without regard to unrealized appreciation or depreciation previously recognized. Net change in unrealized appreciation or depreciation reflects the change in portfolio investment values during the reporting period, including any reversal of previously recorded unrealized appreciation or depreciation, when gains or losses are realized.

Payment-in-Kind Interest

We have investments in our portfolio that contain a payment-in-kind ("PIK") interest provision. Any PIK interest is added to the principal balance of such investments and is recorded as income, if the portfolio company valuation indicates that such PIK interest is collectible. In order to maintain our status as a RIC, substantially all of this income must be paid out to stockholders in the form of dividends, even if we have not collected any cash.

Investment Transaction Costs

Costs that are material associated with an investment transaction, including legal expenses, are included in the cost basis of purchases and deducted from the proceeds of sales unless such costs are reimbursed by the borrower.

Receivables and Payables for Unsettled Securities Transaction

The Company records all investments on a trade date basis.

U.S. Federal Income Taxes

The Company has elected to be treated as a RIC under Subchapter M of the Code, and to operate in a manner so as to continue to qualify for the tax treatment applicable to RICs. In order to qualify as a RIC, among other things, the Company is required to timely distribute to its stockholders at least 90% of investment company taxable income, as defined by the Code, for each year. So long as the Company maintains its status as a RIC, it generally will not pay corporate-level U.S. federal income taxes on any ordinary income or capital gains that it distributes at least annually to its stockholders as dividends. Rather, any tax liability related to income earned by the Company represents obligations of the Company's stockholders and will not be reflected in the consolidated financial statements of the Company.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

To avoid a 4% U.S. federal excise tax on undistributed earnings, the Company is required to distribute each calendar year the sum of (i) 98% of its ordinary income for such calendar year (ii) 98.2% of its net capital gains for the one-year period ending October 31 of that calendar year (iii) any income recognized, but not distributed, in preceding years and on which the Company paid no federal income tax. The Company, at its discretion, may choose not to distribute all of its taxable income for the calendar year and pay a non-deductible 4% excise tax on this income. If the Company chooses to do so, all other things being equal, this would increase expenses and reduce the amount available to be distributed to stockholders. To the extent that the Company determines that its estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such taxable income, the Company accrues excise taxes on estimated excess taxable income as taxable income is earned. The Company incurred no excise tax expense for the three and six months ended June 30, 2016 and 2015.

The Company evaluates tax positions taken or expected to be taken in the course of preparing its tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax positions deemed to meet a “more-likely-than-not” threshold would be recorded as a tax benefit or expense in the applicable period. Although the Company files U.S. federal and state tax returns, its major tax jurisdiction is U.S. federal. The 2012, 2013 and 2014 federal tax years for the Company remain subject to examination by the Internal Revenue Service.

As of June 30, 2016 and December 31, 2015, the Company had not recorded a liability for any unrecognized tax positions. Management’s evaluation of uncertain tax positions may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof. The Company’s policy is to include interest and penalties related to income taxes, if applicable, in general and administrative expenses. There were no such expenses for the three and six months ended June 30, 2016 and 2015, respectively.

The Taxable Subsidiaries are direct wholly owned subsidiaries of the Company that have elected to be taxable entities. The Taxable Subsidiaries permit the Company to hold equity investments in portfolio companies, which are “pass through” entities for tax purposes and continue to comply with the “source income” requirements contained in RIC tax provisions of the Code. The Taxable Subsidiaries are not consolidated with the Company for income tax purposes, and may generate income tax expense, benefit, and the related tax assets and liabilities, as a result of their ownership of certain portfolio investments. The income tax expense, or benefit, if any, and related tax assets and liabilities are reflected in the Company’s consolidated financial statements.

The Taxable Subsidiaries use the liability method in accounting for income taxes. Deferred tax assets and liabilities are recorded for temporary differences between the tax basis of assets and liabilities and their reported amounts in the financial statements, using statutory tax rates in effect for the year in which the temporary differences are expected to reverse. A valuation allowance is provided against deferred tax assets when it is more likely than not that some portion or all of the deferred tax asset will not be realized.

Taxable income generally differs from net income for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses. Taxable income generally excludes net unrealized appreciation or depreciation, as investment gains or losses are not included in taxable income until they are realized.

For the three and six months ended June 30, 2016, the Company recorded deferred income tax benefit of \$154,812 and \$322,151, respectively, related to the Taxable Subsidiaries. For the three and six months ended June 30, 2015, the Company recorded deferred income tax provision of (\$47,980) and (\$114,258), respectively, related to the Taxable Subsidiaries. In addition, as of June 30, 2016 and December 31, 2015, the Company had a deferred tax liability of \$59,572 and \$381,723, respectively.

Earnings per Share

Basic per share calculations are computed utilizing the weighted average number of shares of common stock outstanding for the period. The Company has no common stock equivalents. As a result, there is no difference between diluted earnings per share and basic per share amounts. The individual quarters may not add to the cumulative year to date amount due to rounding.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

Paid In Capital

The Company records the proceeds from the sale of its common stock on a net basis to (i) capital stock and (ii) paid in capital in excess of par value, excluding all commissions and marketing support fees.

Recently Issued Accounting Standards

From time to time, new accounting pronouncements are issued by the Financial Accounting Standards Board (“FASB”) or other standards setting bodies that are adopted by the Company as of the specified effective date.

In June 2016, the FASB issued ASU 2016-13 - Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. ASU 2016-13 requires entities to measure all expected credit losses for financial instruments held at the reporting date based on historical experience, current conditions and reasonable and supportable forecasts. The update is effective for annual periods beginning after December 15, 2019, and interim periods within those annual periods. The Company is currently assessing the impact of this guidance on its consolidated financial statements.

In November 2015, the FASB issued ASU 2015-17 - Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes. ASU 2015-17 requires entities to present deferred tax assets and deferred tax liabilities as noncurrent in a classified balance sheet. It simplifies the current guidance, which requires entities to separately present deferred tax assets and liabilities as current or noncurrent in a classified balance sheet. The update is effective for annual periods beginning after December 15, 2016, and interim periods within those annual periods, and early adoption is permitted. Entities are permitted to apply the amendments either prospectively or retrospectively. The Company believes that this guidance will not have an impact on its consolidated financial statements.

ASU No. 2015-03 - Simplifying the Presentation of Debt Issuance Costs was effective for the quarter ended March 31, 2016. The new guidance requires that debt issuance costs related to a recognized debt liability be presented as a deduction from the debt liability rather than as an asset. Accordingly, the Company has adopted the guidance as of January 1, 2016. Certain reclassifications have been made to prior period line items on the Company’s Consolidated Statement of Assets and Liabilities as the new guidance requires retrospective application. Therefore, the December 31, 2015 Consolidated Statement of Assets and Liabilities including the reclassifications must be presented as unaudited in this filing.

In August 2014, the FASB issued ASU No. 2014-15 - Disclosure of Uncertainties about an Entity’s Ability to Continue as a Going Concern. In connection with the preparation of interim and annual reports, the Company’s management will evaluate whether conditions or events exist that raise substantial doubt about the entity’s ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date the financial statements are available to be issued, when applicable), and, if so, disclose that fact. Additionally, the Company’s management must evaluate and disclose whether its plans will alleviate that doubt. The guidance was effective for the Company beginning January 1, 2016. The Company has adopted the guidance as of January 1, 2016 and there is no impact on its consolidated financial statement.

NOTE 2 — RELATED PARTY ARRANGEMENTS

Investment Advisory Agreement

The Company has entered into an investment advisory agreement with Stellus Capital under which they serve as our investment advisor. Pursuant to this agreement, the Company has agreed to pay to Stellus Capital an annual base management fee of 1.75% of gross assets, including assets purchased with borrowed funds or other forms of leverage and excluding cash and cash equivalents, and an annual incentive fee.

For the three and six months ended June 30, 2016, the Company recorded an expense for base management fees of \$1,550,841 and \$3,099,214, respectively. For the three and six months ended June 30, 2015, the Company recorded an expense for base management fees of \$1,446,330 and \$2,860,464, respectively. As of June 30, 2016 and December 31, 2015, \$1,550,841 and \$1,518,779, respectively, were payable to Stellus Capital.

The incentive fee has two components, investment income and capital gains, as follows:

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

Investment Income Incentive Fee

The investment income component (“Investment Income Incentive Fee”) is calculated, and payable, quarterly in arrears based on the Company’s pre-incentive fee net investment income for the immediately preceding calendar quarter, subject to a cumulative total return requirement and to deferral of non-cash amounts. The pre-incentive fee net investment income, which is expressed as a rate of return on the value of the Company’s net assets attributable to the Company’s common stock, for the immediately preceding calendar quarter, will have a 2.0% (which is 8.0% annualized) hurdle rate (also referred to as the “Hurdle”). Pre-incentive fee net investment income means interest income, dividend income and any other income accrued during the calendar quarter, minus the Company’s operating expenses for the quarter excluding the incentive fee. Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with PIK interest and zero coupon securities), accrued income that the Company has not yet received in cash. The Advisor receives no incentive fee for any calendar quarter in which the Company’s pre-incentive fee net investment income does not exceed the Hurdle. Subject to the cumulative total return requirement described below, the Advisor receives 100% of the Company’s pre-incentive fee net investment income for any calendar quarter with respect to that portion of the pre-incentive net investment income for such quarter, if any, that exceeds the Hurdle but is less than 2.5% (which is 10.0% annualized) of net assets (also referred to as the “Catch-up”) and 20.0% of the Company’s pre-incentive fee net investment income for such calendar quarter, if any, greater than 2.5% (10.0% annualized) of net assets.

The foregoing incentive fee is subject to a total return requirement, which provides that no incentive fee in respect of the Company’s pre-incentive fee net investment income is payable except to the extent 20.0% of the cumulative net increase in net assets resulting from operations over the then current and 11 preceding calendar quarters exceeds the cumulative incentive fees accrued and/or paid for the 11 preceding quarters. In other words, any Investment Income Incentive Fee that is payable in a calendar quarter is limited to the lesser of (i) 20% of the amount by which the Company’s pre-incentive fee net investment income for such calendar quarter exceeds the 2.0% hurdle, subject to the Catch-up, and (ii) (x) 20% of the cumulative net increase in net assets resulting from operations for the then current and 11 preceding quarters *minus* (y) the cumulative incentive fees accrued and/or paid for the 11 preceding calendar quarters. For the foregoing purpose, the “cumulative net increase in net assets resulting from operations” is the amount, if positive, of the sum of pre-incentive fee net investment income, realized gains and losses and unrealized appreciation and depreciation of the Company for the then current and 11 preceding calendar quarters. In addition, the Advisor is not paid the portion of such incentive fee that is attributable to deferred interest until the Company actually receives such interest in cash.

For the three and six months ended June 30, 2016, the Company incurred \$986,276 and \$2,011,098, respectively, of Investment Income Incentive Fees. For the three and six months ended June 30, 2015, the Company incurred \$998,871 and \$1,959,725, respectively, of Investment Income Incentive Fees. As of June 30, 2016 and December 31, 2015, \$1,319,029 and \$607,956, respectively, of such Investment Income Incentive Fees were payable to the Advisor, of which \$1,095,660 and \$401,573, respectively, were currently payable (as explained below). As of June 30, 2016 and December 31, 2015, \$223,369 and \$206,383, respectively, of Investment Income Incentive Fees incurred but not paid by the Company were generated from deferred interest (i.e. PIK, certain discount accretion and deferred interest) and are not payable until such deferred amounts are received in cash. As of June 30, 2016, \$103,365 of the currently payable Investment Income Incentive Fee of \$1,095,660 is further deferred due to the current and 11 preceding calendar quarter return requirement noted above. As of December 31, 2015, none of the currently payable fee of \$401,573 was deferred due to the current and 11 preceding calendar quarter return requirement.

Capital Gains Incentive Fee

The Company also pays the Advisor an incentive fee based on capital gains (the “Capital Gains Incentive Fee”). The Capital Gains Incentive Fee is determined and payable in arrears as of the end of each calendar year (or upon termination of the investment management agreement, as of the termination date). The Capital Gains Incentive Fee is equal to 20.0% of the Company’s cumulative aggregate realized capital gains from inception through the end of that calendar year, computed net of the cumulative aggregate realized capital losses and cumulative aggregate unrealized capital depreciation through the end of such year. The aggregate amount of any previously paid Capital Gains Incentive Fees is subtracted from such Capital Gains Incentive Fee calculated.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

U.S. GAAP requires that the incentive fee accrual considers the cumulative aggregate realized gains and losses and unrealized capital appreciation or depreciation of investments or other financial instruments in the calculation, as an incentive fee would be payable if such realized gains and losses and unrealized capital appreciation or depreciation were realized, even though such realized gains and losses and unrealized capital appreciation or depreciation is not permitted to be considered in calculating the fee actually payable under the investment advisory agreement. There can be no assurance that unrealized appreciation or depreciation will be realized in the future. Accordingly, such fees, as calculated and accrued, would not necessarily be payable under the investment advisory agreement, and may never be paid based upon the computation of incentive fees in subsequent periods. For the three and six months ended June 30, 2016 and 2015, the Company incurred no Capital Gains Incentive Fee. As of June 30, 2016 and December 31, 2015, no Capital Gains Incentive Fees were payable to the Advisor, subject to the limitations set forth below.

The following tables summarize the components of the incentive fees discussed above:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Investment Income Incentive Fees Incurred	\$ 986,276	\$ 998,871	\$ 2,011,098	\$ 1,959,725
Capital Gains Incentive Fee Incurred	—	—	—	—
Incentive Fee Expense	\$ 986,276	\$ 998,871	\$ 2,011,098	\$ 1,959,725

	June 30, 2016	December 31, 2015
Investment Income Incentive Fee Currently Payable ^(a)	\$ 1,095,660	\$ 401,573
Investment Income Incentive Fee Deferred	223,369	206,383
Incentive Fee Payable	\$ 1,319,029	\$ 607,956

(a) Included in the Investment Income Incentive Fee Currently Payable at June 30, 2016 and December 31, 2015 is \$103,365 and \$0, respectively, that is not owed currently due to the current and 11 preceding calendar quarter return requirements.

Director Fees

For the three and six months ended June 30, 2016, the Company recorded an expense relating to director fees of \$86,000 and \$178,000, respectively. For the three and six months ended June 30, 2015, the Company recorded an expense relating to director fees of \$95,000 and \$184,000, respectively. As of June 30, 2016 and December 31, 2015, \$86,000 and \$0 fees were payable relating to director fees.

Co-Investments

We received exemptive relief from the SEC to co-invest with investment funds managed by Stellus Capital where doing so is consistent with our investment strategy as well as applicable law (including the terms and conditions of the exemptive order issued by the SEC). Under the terms of the relief permitting us to co-invest with other funds managed by Stellus Capital, a “required majority” (as defined in Section 57(o) of the 1940 Act) of our independent directors must make certain conclusions in connection with a co-investment transaction, including (1) the terms of the proposed transaction, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching of us or our stockholders on the part of any person concerned and (2) the transaction is consistent with the interests of our stockholders and is consistent with our investment objectives and strategies. We intend to co-invest, subject to the conditions included in the exemptive order we received from the SEC, with private credit funds managed by Stellus Capital that has an investment strategy that is identical to our investment strategy. We believe that such co-investments may afford us additional investment opportunities and an ability to achieve greater diversification.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

License Agreement

We have entered into a license agreement with Stellus Capital under which Stellus Capital has agreed to grant us a non-exclusive, royalty-free license to use the name “Stellus Capital.” Under this agreement, we have a right to use the “Stellus Capital” name for so long as Stellus Capital or one of its affiliates remains our investment advisor. Other than with respect to this limited license, we have no legal right to the “Stellus Capital” name. This license agreement will remain in effect for so long as the investment advisory agreement with Stellus Capital is in effect.

Administration Agreement

We have entered into an administration agreement with Stellus Capital pursuant to which Stellus Capital will furnish us with office facilities and equipment and will provide us with the clerical, bookkeeping, recordkeeping and other administrative services necessary to conduct day-to-day operations. Under this administration agreement, Stellus Capital will perform, or oversee the performance of, our required administrative services, which includes, among other things, being responsible for the financial records which we are required to maintain and preparing reports to our stockholders and reports filed with the SEC.

For the three and six months ended June 30, 2016, the Company recorded expenses of \$221,755 and \$475,908, respectively, relating to the administration agreement, which are included in administrative services expenses on the consolidated statement of operations. For the three and six months ended June 30, 2015, the Company recorded expenses of \$187,125 and \$357,884, respectively, relating to the administration agreement. As of June 30, 2015 and December 31, 2015, \$221,755 and \$195,221, respectively, remained payable to Stellus Capital relating to the administration agreement.

Indemnifications

The investment advisory agreement provides that, absent willful misfeasance, bad faith or gross negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations under the investment advisory agreement, Stellus Capital and its officers, managers, partners, agents, employees, controlling persons and members, and any other person or entity affiliated with it, are entitled to indemnification from the Company for any damages, liabilities, costs and expenses (including reasonable attorneys’ fees and amounts reasonably paid in settlement) arising from the rendering of Stellus Capital’s services under the investment advisory agreement or otherwise as our investment adviser.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

NOTE 3 — DISTRIBUTIONS

Distributions are generally declared by the Company's board of directors each calendar quarter and recognized as distribution liabilities on the ex-dividend date. The Company intends to distribute net realized gains (*i.e.*, net capital gains in excess of net capital losses), if any, at least annually. The stockholder distributions, if any, will be determined by the board of directors. Any distribution to stockholders will be declared out of assets legally available for distribution.

The following table reflects the Company's dividends declared and paid or to be paid on its common stock:

Date Declared	Record Date	Payment Date	Per Share
January 22, 2015	February 02, 2015	February 13, 2015	\$ 0.1133
January 22, 2015	February 27, 2015	March 13, 2015	\$ 0.1133
January 22, 2015	March 31, 2015	April 15, 2015	\$ 0.1133
April 15, 2015	April 30, 2015	May 15, 2015	\$ 0.1133
April 15, 2015	May 29, 2015	June 15, 2015	\$ 0.1133
April 15, 2015	June 30, 2015	July 15, 2015	\$ 0.1133
July 08, 2015	July 31, 2015	August 14, 2015	\$ 0.1133
July 08, 2015	August 31, 2015	September 15, 2015	\$ 0.1133
July 08, 2015	September 30, 2015	October 15, 2015	\$ 0.1133
October 14, 2015	October 30, 2015	November 13, 2015	\$ 0.1133
October 14, 2015	November 30, 2015	December 15, 2015	\$ 0.1133
October 14, 2015	December 31, 2015	January 15, 2016	\$ 0.1133
January 13, 2016	January 29, 2016	February 12, 2016	\$ 0.1133
January 13, 2016	February 29, 2016	March 15, 2016	\$ 0.1133
January 13, 2016	March 31, 2016	April 15, 2016	\$ 0.1133
April 15, 2016	April 29, 2016	May 13, 2016	\$ 0.1133
April 15, 2016	May 31, 2016	June 15, 2016	\$ 0.1133
April 15, 2016	June 30, 2016	July 15, 2016	\$ 0.1133

Unless the stockholder elects to receive its distributions in cash, the Company intends to make such distributions in additional shares of the Company's common stock under the Company's dividend reinvestment plan. Although distributions paid in the form of additional shares of the Company's common stock will generally be subject to U.S. federal, state and local taxes in the same manner as cash distributions, investors participating in the Company's dividend reinvestment plan will not receive any corresponding cash distributions with which to pay any such applicable taxes. Any distributions reinvested through the issuance of shares through the Company's dividend reinvestment plan will increase the Company's gross assets on which the base management fee and the incentive fee are determined and paid to Stellus Capital. No new shares were issued in connection with the distributions made during the three and six months ended June 30, 2016 and 2015.

NOTE 4 — PORTFOLIO INVESTMENTS AND FAIR VALUE

In accordance with the authoritative guidance on fair value measurements and disclosures under U.S. GAAP, the Company discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

Level 1 — Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 — Quoted prices in markets that are not considered to be active or financial instruments for which significant inputs are observable, either directly or indirectly;

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

Level 3 — Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes “observable” requires significant judgment by management.

The Company considers whether the volume and level of activity for the asset or liability have significantly decreased and identifies transactions that are not orderly in determining fair value. Accordingly, if the Company determines that either the volume and/or level of activity for an asset or liability has significantly decreased (from normal conditions for that asset or liability) or price quotations or observable inputs are not associated with orderly transactions, increased analysis and management judgment will be required to estimate fair value. Valuation techniques such as an income approach might be appropriate to supplement or replace a market approach in those circumstances.

At June 30, 2016, the Company had investments in 42 portfolio companies. The composition of our investments as of June 30, 2016 is as follows:

	Cost	Fair Value
Senior Secured – First Lien	\$ 128,127,098	\$ 126,745,063
Senior Secured – Second Lien	142,743,757	139,760,279
Unsecured Debt	83,038,853	70,088,105
Equity	12,909,825	14,216,170
Total Investments	\$ 366,819,533	\$ 350,809,617

At December 31, 2015, the Company had investments in 39 portfolio companies. The composition of our investments as of December 31, 2015 was as follows:

	Cost	Fair Value
Senior Secured – First Lien	\$ 133,344,891	\$ 131,908,961
Senior Secured – Second Lien	136,853,644	131,972,581
Unsecured Debt	81,492,139	72,212,282
Equity	12,521,785	12,923,873
Total Investments	\$ 364,212,459	\$ 349,017,697

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

The Company's investment portfolio may contain loans that are in the form of lines of credit or revolving credit facilities, which require the Company to provide funding when requested by portfolio companies in accordance with the terms and conditions of the underlying loan agreements. As of June 30, 2016 and December 31, 2015, the Company had two and three such investments with aggregate unfunded commitments of \$2,850,000 and \$3,257,405, respectively. The Company maintains sufficient liquidity to fund such unfunded loan commitments should the need arise.

The fair values of our investments disaggregated into the three levels of the fair value hierarchy based upon the lowest level of significant input used in the valuation as of June 30, 2016 are as follows:

	Quoted Prices in Active Markets for Identical Securities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Senior Secured – First Lien	\$ —	\$ —	\$ 126,745,063	\$ 126,745,063
Senior Secured – Second Lien	—	7,664,153	132,096,126	139,760,279
Unsecured Debt	—	—	70,088,105	70,088,105
Equity	—	—	14,216,170	14,216,170
Total Investments	\$ —	\$ 7,664,153	\$ 343,145,464	\$ 350,809,617

The fair values of our investments disaggregated into the three levels of the fair value hierarchy based upon the lowest level of significant input used in the valuation as of December 31, 2015 are as follows:

	Quoted Prices in Active Markets for Identical Securities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Senior Secured – First Lien	\$ —	\$ —	\$ 131,908,961	\$ 131,908,961

(1) Weighted average based on fair value as of June 30, 2016.

(2) Inclusive of not limited to (a) the market approach which is used to determine sufficient enterprise value, and (b) the income approach which is based on discounting future cash flows using an appropriate market yield.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

- (3) The Company calculates the price of the loan by discounting future cash flows, which include forecasted future LIBOR rates based on the published forward LIBOR curve at the valuation date, using an appropriate yield calculated as of the valuation date. This yield is calculated based on the loan's yield at the original investment and is adjusted as of the valuation date based on: changes in comparable credit spreads, changes in risk free interest rates (per swap rates), and changes in credit quality (via an estimated shadow rating). Significant movements in any of these factors would result in a significantly lower or higher fair value measurement. As an example, the "Range (Average)" for second lien debt instruments in the table above indicates that the change in the HY spreads between the date a loan closed and the valuation date ranged from -6.42% (-642 basis points) to 8.40% (840 basis points). The average of all changes was 0.58%.
- (4) Median of LTM (last twelve months) EBITDA multiples of comparable companies.
- (5) The primary significant unobservable input used in the fair value measurement of the Company's equity investments is the EBITDA multiple (the "Multiple"). Significant increases (decreases) in the Multiple in isolation would result in a significantly higher (lower) fair value measurement. To determine the Multiple for the market approach, the Company considers current market trading and/or transaction multiple, portfolio company performance (financial ratios) relative to public and private peer companies and leverage levels, among other factors. Changes in one or more of these factors can have a similar directional change on other factors in determining the appropriate Multiple to use in the market approach.

The following provides quantitative information about Level 3 fair value measurements as of December 31, 2015:

Description:	Fair Value	Valuation Technique	Unobservable Inputs	Range (Average) ^{(1) (3)}
First lien debt	\$ 131,908,961	Income/Market approach ⁽²⁾	HY credit spreads, Risk free rates Market multiples	0.00% to 2.83% (0.97%) -0.37% to 0.89% (-0.12%) 5x to 28x (11x) ⁽⁴⁾
Second lien debt	\$ 131,972,581	Income/Market approach ⁽²⁾	HY credit spreads, Risk free rates Market multiples	-4.48% to 5.01% (0.82%) -0.71% to 0.17% (-0.22%) 7x to 14x (10x) ⁽⁴⁾
Unsecured debt	\$ 72,212,282	Income/Market approach ⁽²⁾	HY credit spreads, Risk free rates Market multiples	-3.86% to 0.74% (-0.25%) -0.46% to 0.36% (-0.10%) 9x to 12x (10x) ⁽⁴⁾
Equity investments	\$ 12,923,873	Market approach ⁽⁵⁾	Underwriting multiple/ EBITDA Multiple	1x to 13x (8x)
Total Long Term Level 3 Investments	\$ 349,017,697

NOTE 5 — COMMITMENTS AND CONTINGENCIES

The Company is currently not subject to any material legal proceedings, nor, to our knowledge, is any material legal proceeding threatened against us. From time to time, we may be a party to certain legal proceedings in the ordinary course of business, including proceedings relating to the enforcement of our rights under contracts with our portfolio companies. While the outcome of these legal proceedings cannot be predicted with certainty, we do not expect that these proceedings will have a material effect upon our business, financial condition or results of operations.

As of June 30, 2016 and December 31, 2015, the Company had unfunded commitments of \$2,850,000 to two portfolio companies and \$3,257,405 to three portfolio companies, respectively, to provide debt financing.

- (1) Financial highlights are based on weighted average shares outstanding as of period end.
- (2) The per share impact of the Company's realized gains for the six months ended June 30, 2016 and 2015 had an impact to net assets of less than \$0.01 per share during the applicable period.
- (3) Total return on market value is based on the change in market price per share since the end of the prior year and assumes enrollment in the Company's dividend reinvestment plan. The total returns are not annualized.
- (4) Financial highlights for periods of less than one year are annualized, with exception of the provision for taxes on the unrealized gain on investments and the one-time expense of previously capitalized deferred offering costs.
- (5) Calculated as the lesser of purchases or sales divided by average portfolio balance and is not annualized.
- (6) Asset coverage ratio is equal to (i) the sum of (a) net assets at the end of the period and (b) total debt outstanding at the end of the period, divided by (ii) total debt outstanding at the end of the period. SBA Debentures are excluded from the numerator and denominator.
- (7) These ratios include the impact of the benefit for income taxes related to unrealized loss on investments of \$322,151 for the six months ended June 30, 2016 and a provision for income taxes related to unrealized gain on investments of \$114,258 for the six months ended June 30, 2015, which are not reflected in net investment income, gross operating expenses or net operating expenses. The provision for income taxes related to unrealized gain or loss on investments to net assets for the six months ended June 30, 2016 and 2015 was 0.20% and 0.065%, respectively.
- (8) These ratios include the impact of the one-time expense of previously capitalized deferred offering costs of \$261,761 for the six months ended June 30, 2016. The deferred offering costs to net assets for the six months ended June 30, 2016 was 0.16%.

NOTE 7 — CREDIT FACILITY

On November 7, 2012, the Company entered into a revolving credit facility (the "Credit Facility") with various lenders. SunTrust Bank, one of the lenders, serves as administrative agent under the Credit Facility. The Credit Facility, as amended on November 21, 2014 and May 31, 2016, provides for borrowings in an aggregate amount of \$120,000,000 on a committed basis with an accordion feature that allows the Company to increase the aggregate commitments up to \$195,000,000, subject to new or existing lenders agreeing to participate in the increase and other customary conditions. There can be no assurances that existing lenders will agree to such an increase, or that additional lenders will join the Credit Facility to increase available borrowings.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

Borrowings under the Credit Facility bear interest, subject to the Company's election, on a per annum basis equal to (i) LIBOR plus 2.625% with no LIBOR floor or (ii) 1.625% plus an alternate base rate based on the highest of the Prime Rate, Federal Funds Rate plus 0.5% or one month LIBOR plus 1.0%. The Company pays unused commitment fees of 0.50% per annum on the unused lender commitments under the Credit Facility. Interest is payable quarterly in arrears. Any amounts borrowed under the Credit Facility will mature, and all accrued and unpaid interest thereunder will be due and payable, on October 1, 2018.

The Company's obligations to the lenders are secured by a first priority security interest in its portfolio of securities and cash not held at the SBIC subsidiary, but excluding short term investments. The Credit Facility contains certain affirmative and negative covenants, including but not limited to: (i) maintaining a minimum liquidity test of at least 85% of adjusted borrowing base, (ii) maintaining an asset coverage ratio of at least 2.0 to 1.0, and (iii) maintaining a minimum shareholder's equity. As of June 30, 2016, the Company was in compliance with these covenants. Additionally, the Credit Facility requires that the Company meet certain conditions in connection with incurring additional indebtedness under the Credit Facility including that the Company have a minimum asset coverage of 2.25 to 1.0 immediately after giving effect to such borrowing. The Credit Facility was amended May 31, 2016, to amend the incurrence test from 2.25 to 2.20 to 1.0 until July 31, 2016. As of June 30, 2016, the Company's asset coverage ratio was 2.21 to 1.0.

As of June 30, 2016 and December 31, 2015, the outstanding balance under the Credit Facility was \$110,000,000 and \$109,500,000, respectively. The carrying amount of the amount outstanding under the Credit Facility approximates its fair value. The Company incurred total costs of \$3,067,715 in connection with obtaining, amending, and maintaining the Credit Facility, which are being amortized over the life of the Credit Facility. As of June 30, 2016 and December 31, 2015, \$1,041,781 and \$1,302,627 of such prepaid loan structure fees and administration fees had yet to be amortized, respectively. These prepaid loan fees are presented on our consolidated statement of assets and liabilities as a deduction from the debt liability attributable to the Credit Facility as required by ASU No. 2015-3. See Note 1 for further discussion.

The following is a summary of the Credit Facility, net of prepaid loan structure fees:

	June 30, 2016	December 31, 2015
Credit Facility payable	\$ 110,000,000	\$ 109,500,000
Prepaid loan structure fees	1,041,781	1,302,627
Credit facility payable, net of prepaid loan structure fees	<u>\$ 108,958,219</u>	<u>\$ 108,197,373</u>

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

For the three months ended June 30, 2016, the weighted average effective interest rate under the Credit Facility was approximately 3.1% (approximately 3.7% including commitment fees and other loan fees). Interest is paid quarterly in arrears. The Company recorded interest and fee expense on the Credit Facility of \$977,922 for the three months ended June 30, 2016, of which \$830,436 was interest expense, \$118,025 was amortization of loan fees paid on the Credit Facility, \$17,063 related to commitment fees on the unused portion of the Credit Facility, and \$12,398 related to loan administration fees. The Company paid \$878,914 in interest expense and unused commitment fees for the three months ended June 30, 2016. The average borrowings under the Credit Facility for the three months ended June 30, 2016 were \$106,615,385.

For the six months ended June 30, 2016, the weighted average effective interest rate under the Credit Facility was approximately 3.1% (approximately 3.7% including commitment fees and other loan fees). Interest is paid quarterly in arrears. The Company recorded interest and fee expense on the Credit Facility of \$1,967,366 for the six months ended June 30, 2016, of which \$1,676,186 was interest expense, \$236,050 was amortization of loan fees paid on the Credit Facility, \$30,334 related to commitment fees on the unused portion of the Credit Facility, and \$24,796 related to loan administration fees. The Company paid \$1,736,054 in interest expense and unused commitment fees for the six months ended June 30, 2016. The average borrowings under the Credit Facility for the six months ended June 30, 2016 were \$108,057,692.

For the three months ended June 30, 2015, the weighted average effective interest rate under the Credit Facility was approximately 2.8% (approximately 3.4% including commitment and other loan fees). Interest is paid quarterly in arrears. The Company recorded interest and fee expense on the Credit Facility of \$895,847 for the three months ended June 30, 2015, of which \$744,873 was interest expense, \$118,026 was amortization of loan fees paid on the Credit Facility, \$20,208 related to commitment fees on the unused portion of the Credit Facility, and \$12,740 related to loan administration fees. The Company paid \$811,366 in interest expense and unused commitment fees for the three months ended June 30, 2015. The average borrowings under the Credit Facility for the three months ended June 30, 2015 were \$104,043,478.

For the six months ended June 30, 2015, the weighted average effective interest rate under the Credit Facility was approximately 2.9% (approximately 3.4% including commitment and other loan fees). Interest is paid quarterly in arrears. The Company recorded interest and fee expense of \$1,790,684 for the six months ended June 30, 2015, of which \$1,492,860 was interest expense, \$234,754 was amortization of loan fees paid on the Credit Facility, \$37,730 related to commitment fees on the unused portion of the Credit Facility, and \$25,340 related to loan administration fees. The Company paid \$1,585,882 in interest expense and unused commitment fees for the six months ended June 30, 2015. The average borrowings under the Credit Facility for the six months ended June 30, 2015 were \$104,910,221.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

NOTE 8 — NOTES

On May 5, 2014, the Company closed a public offering of \$25,000,000 in aggregate principal amount of 6.50% notes (the “Notes”). The Notes mature on April 30, 2019, and may be redeemed in whole or in part at any time or from time to time at the Company’s option on or after April 30, 2016. The Notes bear interest at a rate of 6.50% per year payable quarterly on February 15, May 15, August 15 and November 15, of each year, beginning August 15, 2014. The Notes are unsecured obligations and rank pari passu with our current and future unsecured indebtedness; senior to any of our future indebtedness that expressly provides for such indebtedness to be subordinated to the Notes; effectively subordinated to all of our existing and future secured indebtedness, to the extent of the value of the assets securing such indebtedness, including borrowings under our Credit Facility; and structurally subordinated to all existing and future indebtedness and other obligations of any of our subsidiaries, including without limitation, the indebtedness of the SBIC subsidiary. The net proceeds to the Company from the sale of the Notes, after underwriting discounts and offering expenses, were approximately \$24.1 million. The Company used all of the net proceeds from this offering to repay a portion of the amount outstanding under the Credit Facility. On both June 30, 2016 and December 31, 2015, the carrying amount of the Notes was approximately \$25,000,000 and the fair value of the Notes was approximately \$25.4 million and \$24.6 million, respectively. The Notes are listed on New York Stock Exchange under the trading symbol “SCQ”. The fair value of the Notes is based on the closing price of the security, which is a Level 2 input under ASC 820 due to sufficient trading volume.

In connection with the issuance of the Notes, we incurred \$929,570 of fees which are being amortized over the term of the Notes, of which \$530,183 remains to be amortized. These financing costs are presented on the consolidated statement of assets and liabilities as a deduction from the debt liability as required by ASU No. 2015-3. See Note 1 for further discussion.

The following is a summary of the Notes Payable, net of deferred financing costs:

	June 30, 2016	December 31, 2015
Notes payable	\$ 25,000,000	\$ 25,000,000
Deferred financing costs	530,183	618,892
Notes payable, net of deferred financing costs	<u>\$ 24,469,817</u>	<u>\$ 24,381,108</u>

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

For the three months ended June 30, 2016, the Company incurred interest and fee expense on the Notes of \$452,775, of which \$406,250 was interest expense, \$45,941 was amortization of loan fees paid on the Notes, and \$584 related to administration fees. The Company paid \$406,250 in interest expense on the Notes during the period.

For the six months ended June 30, 2016, the Company incurred interest and fee expense on the Notes of \$906,209, of which \$812,500 was interest expense, \$91,380 was amortization of loan fees paid on the Notes, and \$2,329 related to administration fees. The Company paid \$812,500 in interest expense on the Notes during the period.

For the three months ended June 30, 2015, the Company incurred interest and fee expense on the Notes of \$452,190, of which \$406,250 was interest expense, \$44,605 was amortization of loan fees paid on the Notes, and \$1,335 related to administration fees. The Company paid \$406,250 in interest expense on the Notes during the period.

For the six months ended June 30, 2015, the Company incurred interest and fee expense on the Notes of \$934,672, of which \$812,500 was interest expense, \$120,004 was amortization of loan fees paid on the Notes, and \$2,168 related to administration fees. The Company paid \$812,500 in interest expense on the Notes during the period.

The indenture and supplements thereto relating to the Notes contain certain covenants, including but not limited to (i) a requirement that the Company comply with the asset coverage requirements of the 1940 Act or any successor provisions, and (ii) a requirement to provide financial information to the holders of the notes and the trustee under the indenture if the Company should no longer be subject to the reporting requirements under the Exchange Act.

NOTE 9 — SBA DEBENTURES

Due to the SBIC subsidiary's status as a licensed SBIC, we have the ability to issue debentures guaranteed by the SBA at favorable interest rates. Under the regulations applicable to SBIC funds, an SBIC can have outstanding debentures guaranteed by the SBA subject to a regulatory leverage limit, up to two times the amount of regulatory capital. As of both June 30, 2016 and December 31, 2015, the SBIC subsidiary had \$32.5 million in regulatory capital, as such term is defined by the SBA.

As a BDC, we are only allowed to employ leverage to the extent that our asset coverage, as defined in the 1940 Act, equals at least 200% after giving effect to such leverage. The amount of leverage that we employ at any time depends on our assessment of the market and other factors at the time of any proposed borrowing.

On August 12, 2014, we obtained exemptive relief from the SEC to permit us to exclude the debt of the SBIC subsidiary guaranteed by the SBA from our 200% asset coverage test under the 1940 Act. The exemptive relief provides us with increased flexibility under the 200% asset coverage test by permitting us to borrow up to \$65 million (based on current regulatory capital, as such term is defined by the SBA, of \$32.5 million) more than we would otherwise be able to absent the receipt of this exemptive relief.

On a stand-alone basis, the SBIC subsidiary held \$98,896,394 and \$97,142,374 in assets at June 30, 2016 and December 31, 2015, respectively, which accounted for approximately 27.0% and 27.0% of our total consolidated assets at June 30, 2016 and December 31, 2015, respectively.

Debentures guaranteed by the SBA have fixed interest rates that equal prevailing 10-year Treasury Note rates plus a market spread and have a maturity of ten years with interest payable semi-annually. The principal amount of the debentures is not required to be paid before maturity, but may be pre-paid at any time with no prepayment penalty. As of both June 30, 2016 and December 31, 2015, the SBIC subsidiary had \$65,000,000 of SBA Debentures outstanding, which mature ten years from issuance. The first maturity related to the SBIC Debentures does not occur until 2025, and the remaining weighted average duration of all of our outstanding SBA Debentures is approximately 9.4 years as of June 30, 2016.

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

As of June 30, 2016 and December 31, 2015, the carrying amount of the SBA Debentures approximated their fair value. The fair values of the SBA Debentures are determined in accordance with ASC 820, which defines fair value in terms of the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The fair value of the SBA Debentures are estimated based upon market interest rates for our own borrowings or entities with similar credit risk, adjusted for nonperformance risk, if any. At June 30, 2016 and December 31, 2015 the SBA Debentures would be deemed to be Level 3, as defined in Note 4.

As of June 30, 2016, the Company has incurred \$2,226,250 in financing costs related to the SBA Debentures. As of June 30, 2016 and December 31, 2015, \$1,821,951 and \$1,984,154 of prepaid financing costs had yet to be amortized, respectively. These prepaid loan fees are presented on the consolidated statement of assets and liabilities as a deduction from the debt liability as required by ASU No. 2015-3. See Note 1 for further discussion.

The following is a summary of the SBA Debentures, net of prepaid loan fees:

	June 30, 2016	December 31, 2015
SBA Debentures payable	\$ 65,000,000	\$ 65,000,000
Prepaid loan fees	1,821,951	1,984,154
SBA Debentures, net of prepaid loan fees	<u>\$ 63,178,049</u>	<u>\$ 63,015,846</u>

STELLUS CAPITAL INVESTMENT CORPORATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

For the three months ended June 30, 2016, the weighted average effective interest rate for the SBA Debentures was approximately 3.1% (approximately 3.6% including loan fees). Interest is paid semi-annually. The Company recorded interest and fee expense on the SBA Debentures of \$584,493 for the three months ended June 30, 2016, of which \$503,391 was interest expense, and \$81,102 was amortization of loan fees. The Company paid no interest expense during the three months ended June 30, 2016. The average borrowings of SBA Debentures for the three months ended June 30, 2016 were \$65,000,000.

For the six months ended June 30, 2016, the weighted average effective interest rate for the SBA Debentures was approximately 2.7% (approximately 3.2% including loan fees). Interest is paid semi-annually. The Company recorded interest and fee expense on the SBA Debentures of \$1,021,458 for the six months ended June 30, 2016, of which \$859,254 was interest expense, and \$162,204 was amortization of loan fees. The Company paid \$557,540 of interest expense during the six months ended June 30, 2016. The average borrowings of SBA Debentures for the six months ended June 30, 2016 were \$65,000,000.

For the three months ended June 30, 2015, the weighted average effective interest rate for the SBA Debentures was approximately 2.7% (approximately 3.9% including loan fees). Interest is paid semi-annually. The company recorded interest and fee expense on the SBA Debentures of \$166,018 for the three months ended June 30, 2015, of which \$116,858 was interest expense, and \$49,160 was amortization of loan fees. The company did not pay interest expense during the three months ended June 30, 2015. The average borrowings of SBA Debentures for the three months ended June 30, 2015 were \$17,107,143.

For the six months ended June 30, 2015, the weighted average effective interest rate for the SBA Debentures was approximately 2.0% (approximately 2.9% including loan fees). Interest is paid semi-annually. The Company recorded interest and fee expense on the SBA Debentures of \$239,191 for the six months ended June 30, 2015, of which \$161,341 was interest expense, and \$77,850 was amortization of loan fees. The Company paid \$62,822 of interest expense during the six months ended June 30, 2015. The average borrowings of SBA Debentures for the six months ended June 30, 2015 were \$16,680,939.

NOTE 10 — SUBSEQUENT EVENTS

Investment Portfolio

On July 5, 2016 and July 19, 2016, we funded \$0.3 million and \$0.1 million, respectively, of the revolver of HUF Worldwide, LLC.

On July 15, 2016, we made a \$2.6 million investment in the first lien term loan of Good Source Solutions, Inc. Additionally, we invested \$0.2 million in the company's equity.

Credit Facility

On July 29, 2016, we entered into an amendment to the Credit Facility, which amended the minimum incurrence test requiring that the Company maintain a minimum asset coverage of 2.25 to 1.00 immediately after giving effect to additional borrowings to require minimum asset coverage of 2.20 to 1.00 for a period expiring August 31, 2016.

The outstanding balance under the Credit Facility as of August 3, 2016 was \$103.0 million.

Dividends Declared

On July 7, 2016, the Company's board of directors declared a regular monthly dividend for each of July 2016, August 2016 and September 2016 as follows:

Declared	Ex-Dividend Date	Record Date	Payment Date	Amount per Share
7/7/2016	7/27/2016	7/29/2016	8/15/2016	\$ 0.1133
7/7/2016	8/29/2016	8/31/2016	9/15/2016	\$ 0.1133
7/7/2016	9/28/2016	9/30/2016	10/14/2016	\$ 0.1133

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Some of the statements in this quarterly report on Form 10-Q constitute forward-looking statements, which relate to future events or our future performance or financial condition. The forward-looking statements contained in this quarterly report on Form 10-Q involve risks and uncertainties, including statements as to:

- our future operating results;
- our business prospects and the prospects of our portfolio companies;
- the effect of investments that we expect to make;
- our contractual arrangements and relationships with third parties;
- actual and potential conflicts of interest with Stellus Capital Management;
- the dependence of our future success on the general economy and its effect on the industries in which we invest;
- the ability of our portfolio companies to achieve their objectives;
- the use of borrowed money to finance a portion of our investments;
- the adequacy of our financing sources and working capital;
- the timing of cash flows, if any, from the operations of our portfolio companies;
- the ability of Stellus Capital Management to locate suitable investments for us and to monitor and administer our investments;
- the ability of Stellus Capital Management to attract and retain highly talented professionals;
- our ability to maintain our qualification as a regulated investment company, or RIC, under Subchapter M of the Internal Revenue Code of 1986, or the Code, and as a BDC under the Investment Company Act of 1940, as amended, or the 1940 Act, and
- the effect of future changes in laws or regulations (including the interpretation of these laws and regulations by regulatory authorities) and conditions in our operating areas, particularly with respect to BDCs or RICs.

Such forward-looking statements may include statements preceded by, followed by or that otherwise include the words “may,” “might,” “will,” “intend,” “should,” “could,” “can,” “would,” “expect,” “believe,” “estimate,” “anticipate,” “predict,” “potential,” “plan” or similar words.

We have based the forward-looking statements included in this quarterly report on Form 10-Q on information available to us on the date of this quarterly report on Form 10-Q. Actual results could differ materially from those anticipated in our forward-looking statements, and future results could differ materially from historical performance. We undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, unless required by law or SEC rule or regulation. You are advised to consult any additional disclosures that we may make directly to you or through reports that we in the future may file with the SEC, including annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K.

Overview

We were organized as a Maryland corporation on May 18, 2012, and formally commenced operations on November 7, 2012. Our investment objective is to maximize the total return to our stockholders in the form of current income and capital appreciation through debt and related equity investments in middle-market companies.

We are an externally managed, non-diversified, closed-end investment management company that has elected to be regulated as a business development company (“BDC”) under the 1940 Act. The Company’s investment activities are managed by its investment advisor, Stellus Capital Management, LLC (“Stellus Capital” or the “Advisor”).

As a BDC, we are required to comply with certain regulatory requirements. For instance, as a BDC, we must not acquire any assets other than “qualifying assets” specified in the 1940 Act unless, at the time the acquisition is made, at least 70% of our total assets are qualifying assets. Qualifying assets include investments in “eligible portfolio companies.” Under the relevant SEC rules, the term “eligible portfolio company” includes all private operating companies, operating companies whose securities are not listed on a national securities exchange, and certain public operating companies that have listed their securities on a national securities exchange and have a market capitalization of less than \$250 million, in each case organized and with their principal of business in the United States.

We have elected to be treated for U.S. federal tax purposes as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). To maintain our qualification as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements. As of June 30, 2016, we were in compliance with the RIC requirements. As a RIC, we generally will not have to pay corporate-level U.S. federal income taxes on any income we distribute to our stockholders.

Portfolio Composition and Investment Activity

Portfolio Composition

We originate and invest primarily in privately-held middle-market companies (typically those with \$5.0 million to \$50.0 million of EBITDA (earnings before interest, taxes, depreciation and amortization)) through first lien, second lien, unitranche and mezzanine debt financing, often times with a corresponding equity investment.

As of June 30, 2016, we had \$350.8 million (at fair value) invested in 42 portfolio companies. As of June 30, 2016, our portfolio included approximately 36% of first lien debt, 40% of second lien debt, 20% of mezzanine debt and 4% of equity investments at fair value. The composition of our investments at cost and fair value as of June 30, 2016 was as follows:

	Cost	Fair Value
Senior Secured – First Lien	\$ 128,127,098	\$ 126,745,063
Senior Secured – Second Lien	142,743,757	139,760,279
Unsecured Debt	83,038,853	70,088,105
Equity	12,909,825	14,216,170
Total Investments	\$ 366,819,533	\$ 350,809,617

As of December 31, 2015, we had \$349.0 million (at fair value) invested in 39 portfolio companies. As of December 31, 2015, our portfolio included approximately 38% of first lien debt, 38% of second lien debt, 20% of mezzanine debt and 4% of equity investments at fair value. The composition of our investments at cost and fair value as of December 31, 2015 was as follows:

	Cost	Fair Value
Senior Secured – First Lien	\$ 133,344,891	\$ 131,908,961
Senior Secured – Second Lien	136,853,644	131,972,581
Unsecured Debt	81,492,139	72,212,282
Equity	12,521,785	12,923,873
Total Investments	\$ 364,212,459	\$ 349,017,697

The Company’s investment portfolio may contain loans that are in the form of lines of credit or revolving credit facilities, which require the Company to provide funding when requested by portfolio companies in accordance with the terms and conditions of the underlying loan agreements. As of June 30, 2016 and December 31, 2015, the Company had two and three such investments with aggregate unfunded commitments of \$2.9 million and \$3.3 million, respectively.

The following is a summary of geographical concentration of our investment portfolio as of June 30, 2016:

	Cost	Fair Value	% of Total Investments
Texas	\$ 46,503,156	\$ 45,034,432	12.83%

	<u>\$ 364,212,459</u>	<u>349,017,697</u>	<u>100.00%</u>

At June 30, 2016, our average portfolio company investment at amortized cost and fair value was approximately \$8.7 million and \$8.4 million, respectively, and our largest portfolio company investment at amortized cost and fair value was approximately \$22.4 million and \$21.8 million, respectively. At December 31, 2015, our average portfolio company investment at amortized cost and fair value was approximately \$9.3 million and \$8.9 million, respectively, and our largest portfolio company investment at amortized cost and fair value was approximately \$22.4 million and \$21.4 million, respectively.

At June 30, 2016, 78% of our debt investments bore interest based on floating rates (subject to interest rate floors), such as LIBOR, and 22% bore interest at fixed rates. At December 31, 2015, 75% of our debt investments bore interest based on floating rates (subject to interest rate floors), such as LIBOR, and 25% bore interest at fixed rates.

The weighted average yield on all of our debt investments as of June 30, 2016 and December 31, 2015 was approximately 10.7% and 10.6%, respectively. The weighted average yield was computed using the effective interest rates for all of our debt investments, including accretion of original issue discount. The weighted average yield of our debt investments is not the same as the return on investment for our stockholders but, rather, relates to a portion of our investment portfolio and is calculated before the payment of all of our and our subsidiaries' fees and expenses.

As of June 30, 2016 and December 31, 2015, we had cash and cash equivalents of \$10.8 million and \$10.9 million, respectively.

Investment Activity

During the six months ended June 30, 2016, we made an aggregate of \$17.9 million of investments in four new portfolio company and two existing portfolio companies. During the six months ended June 30, 2016, we received an aggregate of \$16.0 million in proceeds from repayments of our investments, including \$2.0 from amortization of certain investments.

During the six months ended June 30, 2015, we made an aggregate of \$60.0 million of investments in seven new portfolio companies and three existing portfolio companies. During the six months ended June 30, 2015, we received an aggregate of \$53.9 million in proceeds from repayments and sales of our investments, including \$2.7 million from amortization of certain other investments.

Our level of investment activity can vary substantially from period to period depending on many factors, including the amount of debt and equity capital required by middle-market companies, the level of merger and acquisition activity, the general economic environment and the competitive environment for the types of investments we make.

Asset Quality

In addition to various risk management and monitoring tools, Stellus Capital uses an investment rating system to characterize and monitor the credit profile and expected level of returns on each investment in our investment portfolio. This investment rating system uses a five-level numeric scale. The following is a description of the conditions associated with each investment category:

- Investment Category 1 is used for investments that are performing above expectations, and whose risks remain favorable compared to the expected risk at the time of the original investment.
- Investment Category 2 is used for investments that are performing within expectations and whose risks remain neutral compared to the expected risk at the time of the original investment. All new loans are initially rated 2.
- Investment Category 3 is used for investments that are performing below expectations and that require closer monitoring, but where no loss of return or principal is expected. Portfolio companies with a rating of 3 may be out of compliance with financial covenants.
- Investment Category 4 is used for investments that are performing substantially below expectations and whose risks have increased substantially since the original investment. These investments are often in work out. Investments with a rating of 4 are those for which some loss of return but no loss of principal is expected.
- Investment Category 5 is used for investments that are performing substantially below expectations and whose risks have increased substantially since the original investment. These investments are almost always in work out. Investments with a rating of 5 are those for which some loss of return and principal is expected.

Investment Category	June 30, 2016			December 31, 2015		
	Cost	Fair Value	% of Total Portfolio	Cost	Fair Value	% of Total Portfolio
1	\$ 74.9	\$ 76.9	22%	\$ 35.2	\$ 36.1	10%
2	217.7	217.1	62%	297.7	292.4	84%
3	61.1	56.2	16%	18.1	15.8	5%
4	—	—	—%	—	—	—%
5	13.2	0.6	—%	13.2	4.7	1%
Total	<u>\$ 366.9</u>	<u>\$ 350.8</u>	<u>100%</u>	<u>\$ 364.2</u>	<u>\$ 349.0</u>	<u>100%</u>

Of the \$16.1 million of net unrealized depreciation on investments as of June 30, 2016, \$12.6 million was attributable to company specific circumstances at portfolio companies with an investment category rating of 4 or 5. Of the \$15.2 million of net unrealized depreciation on investments as of December 31, 2015, \$8.5 million was attributable to company specific circumstances at portfolio companies with an investment category rating of 4 or 5.

Loans and Debt Securities on Non-Accrual Status

We will not accrue interest on loans and debt securities if we have reason to doubt our ability to collect such interest. As of June 30, 2016, we had one loan on non-accrual status, which represented approximately 3.6% of our loan portfolio at cost and 0.2% at fair value. December 31, 2015, we had one loan on non-accrual status, which represented approximately 3.6% of our loan portfolio at cost and 1.3% at fair value.

Results of Operations

An important measure of our financial performance is net increase (decrease) in net assets resulting from operations, which includes net investment income (loss), net realized gain (loss) and net unrealized appreciation (depreciation). Net investment income (loss) is the difference between our income from interest, dividends, fees and other investment income and our operating expenses including interest on borrowed funds. Net realized gain (loss) on investments is the difference between the proceeds received from dispositions of portfolio investments and their amortized cost, except for loans booked at a discount to account for origination fees. Net unrealized appreciation (depreciation) on investments is the net change in the fair value of our investment portfolio.

Comparison of the Three Months and Six Months Ended June 30, 2016 and 2015

Revenues

We generate revenue in the form of interest income on debt investments and capital gains and distributions, if any, on investment securities that we may acquire in portfolio companies. Our debt investments typically have a term of five to seven years and bear interest at a fixed or floating rate. Interest on our debt securities is generally payable quarterly. Payments of principal on our debt investments may be amortized over the stated term of the investment, deferred for several years or due entirely at maturity. In some cases, our debt investments may pay payment in-kind, or PIK interest. Any outstanding principal amount of our debt securities and any accrued but unpaid interest will generally become due at the maturity date. The level of interest income we receive is directly related to the balance of interest-bearing investments multiplied by the weighted average yield of our investments. We expect that the total dollar amount of interest and any dividend income that we earn to increase as the size of our investment portfolio increases. In addition, we may generate revenue in the form of prepayment fees, commitment, loan origination, structuring or due diligence fees.

The following shows the breakdown of investment income for the three and six months ended June 30, 2016 and 2015 (in millions).

	Three months ended		Six months ended	
	June 30,		June 30,	
	2016	2015	2016	2015
Interest income	\$ 9.2	\$ 8.5	\$ 18.6	\$ 17.0
PIK interest	0.1	0.1	0.1	0.3
Miscellaneous fees	0.3	0.1	0.4	0.1
Total	<u>\$ 9.6</u>	<u>\$ 8.7</u>	<u>\$ 19.1</u>	<u>\$ 17.4</u>

The increases in total income from the respective periods were due to the growth in the overall investment portfolio.

Expenses

Our primary operating expenses include the payment of fees to Stellus Capital under the investment advisory agreement, our allocable portion of overhead expenses under the administration agreement and other operating costs described below. We bear all other out-of-pocket costs and expenses of our operations and transactions, which may include:

- organization and offering;
- calculating our net asset value (including the cost and expenses of any independent valuation firm);
- fees and expenses payable to third parties, including agents, consultants or other advisors, in monitoring financial and legal affairs for us and in monitoring our investments and performing due diligence on our prospective portfolio companies or otherwise relating to, or associated with, evaluating and making investments;
- interest payable on debt, if any, incurred to finance our investments and expenses related to unsuccessful portfolio acquisition efforts;
- offerings of our common stock and other securities;
- base management and incentive fees;
- administration fees and expenses, if any, payable under the administration agreement (including our allocable portion of Stellus Capital's overhead in performing its obligations under the administration agreement, including rent and the allocable portion of the cost of our chief compliance officer, chief financial officer and their respective staffs);
- transfer agent, dividend agent and custodial fees and expenses;
- U.S. federal and state registration fees;
- all costs of registration and listing our shares on any securities exchange;
- U.S. federal, state and local taxes;
- independent directors' fees and expenses;

- costs of preparing and filing reports or other documents required by the SEC or other regulators;
- costs of any reports, proxy statements or other notices to stockholders, including printing costs;
- costs and fees associated with any fidelity bond, directors and officers/errors and omissions liability insurance, and any other insurance premiums;
- direct costs and expenses of administration, including printing, mailing, long distance telephone, copying, secretarial and other staff, independent auditors and outside legal costs;
- proxy voting expenses; and
- all other expenses incurred by us or Stellus Capital in connection with administering our business.

The following shows the breakdown of operating expenses for the three and six months ended June 30, 2016 and 2015 (in millions).

	Three months ended		Six months ended	
	June 30,		June 30,	
	2016	2015	2016	2015
Operating Expenses				
Management fees	\$ 1.6	\$ 1.5	\$ 3.1	\$ 2.9
Valuation Fees	0.1	—	0.2	0.2
Administrative services expenses	0.3	0.3	0.5	0.6
Incentive fees	1.0	1.0	2.0	2.0
Professional fees	0.1	0.1	0.4	0.4
Directors' fees	0.1	0.1	0.2	0.2
Insurance expense	0.1	0.1	0.2	0.2
Interest expense and other fees	2.0	1.5	3.9	2.9
Deferred offering costs	0.3	—	0.3	—
Other general and administrative	0.1	0.1	0.2	0.2
Total Operating Expenses	<u>\$ 5.7</u>	<u>\$ 4.7</u>	<u>\$ 11.0</u>	<u>\$ 9.6</u>

The increase in operating expenses for the respective periods was primarily due to an increase in interest expense driven by the issuance of \$39.0 million in SBA-guaranteed debentures (“SBS Debentures”) since June 30, 2015. Additionally, the Company incurred \$0.2 million related to the one-time expense of previously capitalized deferred offering costs during the six months ended June 30, 2016.

The Adviser has informed the Company that it will waive incentive fees for fiscal year ending December 31, 2016 to the extent necessary for the earnings of the Company to support dividends paid for the year. The determination of the amount to be waived will be finalized as of the end of the fiscal year, with such amounts being accrued on a quarterly basis. The Adviser will not be entitled to recoup any amount of incentive fees that it waives pursuant to this agreement. This arrangement is effective for the fiscal year ending December 31, 2016 and there can be no assurance that the Adviser will extend the waiver beyond December 31, 2016.

Net Investment Income

For the three months ended June 30, 2016, net investment income was \$3.9 million, or \$0.32 per common share (based on 12,479,959 weighted-average common shares outstanding at June 30, 2016).

For the three months ended June 30, 2015, net investment income was \$4.0 million, or \$0.32 per common share (based on 12,479,962 weighted-average common shares outstanding at June 30, 2015).

For the six months ended June 30, 2016, net investment income was \$8.0 million, or \$0.64 per common share (based on 12,479,959 weighted-average common shares outstanding at June 30, 2016).

For the six months ended June 30, 2015, net investment income was \$7.8 million, or \$0.63 per common share (based on 12,479,962 weighted-average common shares outstanding at June 30, 2015).

Net Realized Gains and Losses

We measure realized gains or losses by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment, using the specific identification method, without regard to unrealized appreciation or depreciation previously recognized.

Repayments of investments and amortization of other certain investments for the three months ended June 30, 2016 totaled \$15.4 million and net realized gains totaled \$1 thousand.

Repayments of investments and amortization of other certain investments for the three months ended June 30, 2015 totaled \$36.6 million and net realized gains totaled \$290 thousand.

Repayments of investments and amortization of other certain investments for the six months ended June 30, 2016 totaled \$16.0 million and net realized gains totaled \$2 thousand.

Repayments of investments and amortization of other certain investments for the six months ended June 30, 2015 totaled \$53.9 million and net realized gains totaled \$293 thousand.

Net Change in Unrealized Depreciation of Investments

Net change in unrealized depreciation primarily reflects the change in portfolio investment values during the reporting period, including the reversal of previously recorded appreciation or depreciation when gains or losses are realized.

Net change in unrealized depreciation on investments and cash equivalents for the three months ended June 30, 2016 and 2015 totaled \$0.9 million and (\$0.2) million, respectively.

Net change in unrealized depreciation on investments and cash equivalents for the six months ended June 30, 2016 and 2015 totaled (\$0.8) million and \$1.4 million, respectively.

The increase in the change in unrealized depreciation for the three months ended June 30, 2016 and 2015 was due to general tightening of market interest rate spreads. The decrease in the change in unrealized depreciation for the six months ended June 30, 2016 and 2015 was due primarily to additional depreciation on our one non-accrual loan which was slightly offset by general tightening of market interest spreads.

Net Increase in Net Assets Resulting from Operations

For the three months ended June 30, 2016, net increase in net assets resulting from operations totaled \$5.0 million, or \$0.41 per common share (based on 12,479,959 weighted-average common shares outstanding at June 30, 2016).

For the three months ended June 30, 2015, net increase in net assets resulting from operations totaled \$4.0 million, or \$0.32 per common share (based on 12,479,962 weighted-average common shares outstanding at June 30, 2015).

For the six months ended June 30, 2016, net increase in net assets resulting from operations totaled \$7.6 million, or \$0.61 per common share (based on 12,479,959 weighted-average common shares outstanding at June 30, 2016).

For the six months ended June 30, 2015, net increase in net assets resulting from operations totaled \$9.4 million, or \$0.75 per common share (based on 12,479,962 weighted-average common shares outstanding at June 30, 2015).

The increase in net assets resulting from operations for the three months ended June 30, 2016 and 2015 was to the change in unrealized appreciation (depreciation) mentioned above. The decrease in net assets resulting from operations for the six months ended June 30, 2016 and 2015 was due to the change in unrealized appreciation (depreciation) mentioned above.

Financial condition, liquidity and capital resources

Cash Flows from Operating and Financing Activities

Our operating activities provided cash of \$ 7.9 million for the six months ended June 30, 2016, primarily in connection with cash interest received and repayments of our investments, which was offset by the purchase and origination of portfolio investments. Our financing activities for the six months ended June 30, 2016 used cash of \$ 8.0 million due to distributions to stockholders during the period.

Our operating activities provided cash of \$2.5 million for the six months ended June 30, 2015, primarily in connection with cash interest received and repayments of our investments. Our financing activities for the six months ended June 30, 2015 provided cash of \$1.2 million primarily related to the issuance of SBA Debentures.

Our liquidity and capital resources are derived from the Credit Facility, SBA Debentures, the offering of securities and cash flows from operations, including investment sales and repayments, and income earned. Our primary use of funds from operations includes investments in portfolio companies and other operating expenses we incur, as well as the payment of dividends to the holders of our common stock. We did not seek stockholder authorization to sell shares of our common stock at a price below the then current net asset value per share at our 2016 annual meeting of stockholders. As such, we do not currently have stockholder authorization. We may use, and expect to continue to use, these capital resources as well as proceeds from turnover within our investment portfolio and from public and private offerings of securities to finance our investment activities.

Although we expect to fund the growth of our investment portfolio through the net proceeds from future public and private equity offerings and issuances of senior securities or future borrowings to the extent permitted by the 1940 Act, our plans to raise capital may not be successful. In this regard, if our common stock trades at a price below our then-current net asset value per share, we may be limited in our ability to raise equity capital given that we cannot sell our common stock at a price below net asset value per share unless our stockholders approve such a sale and our board of directors makes certain determinations in connection therewith. A proposal, approved by our stockholders at our 2015 Annual Meeting of Stockholders. On June 26, 2016, the approval granted by shareholders which authorized us to sell shares equal to up to 25% of our outstanding common stock of our common stock below the then current net asset value per share of our common stock in one or more offerings expired. We elected not to seek shareholder approval to sell shares below net asset value in our 2016 proxy; however, we may seek such approval in the future. In addition, we intend to distribute between 90% and 100% of our taxable income to our stockholders in order to satisfy the requirements applicable to RICs under Subchapter M of the Code. Consequently, we may not have the funds or the ability to fund new investments, to make additional investments in our portfolio companies, to fund our unfunded commitments to portfolio companies or to repay borrowings. In addition, the illiquidity of our portfolio investments may make it difficult for us to sell these investments when desired and, if we are required to sell these investments, we may realize significantly less than their recorded value.

Also, as a BDC, we generally are required to meet a coverage ratio of total assets, less liabilities and indebtedness not represented by senior securities, to total senior securities, which include all of our borrowings and any outstanding preferred stock, of at least 200%. This requirement limits the amount that we may borrow. We have received exemptive relief from the SEC to permit us to exclude the debt of our SBIC subsidiary guaranteed by the SBA from the definition of senior securities in the 200% asset coverage test under the 1940 Act. As of June 30, 2016 and December 31, 2015, our asset coverage ratio was 221% and 222%, respectively. At all times during the six months ended June 30, 2016 and year ended December 31, 2015, were in compliance with the asset coverage. The amount of leverage that we employ will depend on our assessment of market conditions and other factors at the time of any proposed borrowing, such as the maturity, covenant package and rate structure of the proposed borrowings, our ability to raise funds through the issuance of shares of our common stock and the risks of such borrowings within the context of our investment outlook. Ultimately, we only intend to use leverage if the expected returns from borrowing to make investments will exceed the cost of such borrowing. As of June 30, 2016 and December 31, 2015, we had cash and cash equivalents of \$10.8 million and \$10.9 million, respectively.

Credit Facility

On November 7, 2012, the Company entered into a revolving credit facility (the "Credit Facility") with various lenders. SunTrust Bank, one of the lenders, serves as administrative agent under the Credit Facility. The Credit Facility, as amended on November 21, 2014 and May 31, 2016, provides for borrowings in an aggregate amount of \$120.0 million on a committed basis with an accordion feature that allows the Company to increase the aggregate commitments up to \$195.0 million, subject to new or existing lenders agreeing to participate in the increase and other customary conditions. There can be no assurances that existing lenders will agree to such an increase, or that additional lenders will join the Credit Facility to increase available borrowings.

Borrowings under the Credit Facility bear interest, subject to the Company's election, on a per annum basis equal to (i) LIBOR plus 2.625% with no LIBOR floor or (ii) 1.625% plus an alternate base rate based on the highest of the Prime Rate, Federal Funds Rate plus 0.5% or one month LIBOR plus 1.0%. The Company pays unused commitment fees of 0.50% per annum on the unused lender commitments under the Credit Facility. Interest is payable quarterly in arrears. Any amounts borrowed under the Credit Facility will mature, and all accrued and unpaid interest thereunder will be due and payable, on October 1, 2018.

The Company's obligations to the lenders are secured by a first priority security interest in its portfolio of securities and cash not held at the SBIC subsidiary, but excluding short term investments. The Credit Facility contains certain affirmative and negative covenants, including but not limited to: (i) maintaining a minimum liquidity test of at least 85% of adjusted borrowing base, (ii) maintaining an asset coverage ratio of at least 2.0 to 1.0, and (iii) maintaining a minimum shareholder's equity. As of June 30, 2016, the Company was in compliance with these covenants. Additionally, the Credit Facility requires that the Company meet certain conditions in connection with incurring additional indebtedness under the Credit Facility, including that the Company have a minimum asset coverage of 2.25 to 1.0 immediately after giving effect to such borrowing. The Credit Facility was amended on May 31, 2016 to amend the incurrence test was amended from 2.25 to 2.20 to 1.0 until July 31, 2016. As of June 30, 2016, the Company's asset coverage ratio was 2.21 to 1.0.

As of June 30, 2016 and December 31, 2015, the outstanding balance under the Credit Facility was \$110.0 million and \$109.5 million, respectively. The carrying amount of the amount outstanding under the Credit Facility approximates its fair value. The Company incurred total costs of \$3.1 million in connection with obtaining, amending, and maintaining the Credit Facility, which are being amortized over the life of the Credit Facility. As of June 30, 2016 and December 31, 2015, \$1.0 million and \$1.3 million of such prepaid loan structure fees and administration fees had yet to be amortized, respectively. These prepaid loan fees are presented on our consolidated statement of assets and liabilities as a deduction from the debt liability attributable to our Credit Facility as required by ASU No. 2015-3. See Note 1 to our consolidated financial statements for further discussion.

For the three months ended June 30, 2016, the weighted average effective interest rate under the Credit Facility was approximately 3.1% (approximately 3.7% including commitment fees and other loan fees). Interest is paid quarterly in arrears. The Company recorded interest and fee expense on the Credit Facility of \$1.0 million for the three months ended June 30, 2016, of which \$0.8 million was interest expense, \$0.1 million was amortization of loan fees paid on the Credit Facility, and the remainder related to commitment fees on the unused portion of the Credit Facility and loan administration fees. The Company paid \$0.9 million in interest expense and unused commitment fees for the three months ended June 30, 2016. The average borrowings under the Credit Facility for the three months ended June 30, 2016 were \$106.6 million.

For the six months ended June 30, 2016, the weighted average effective interest rate under the Credit Facility was approximately 3.1% (approximately 3.7% including commitment fees and other loan fees). Interest is paid quarterly in arrears. The Company recorded interest and fee expense on the Credit Facility of \$2.0 million for the six months ended June 30, 2016, of which \$1.7 million was interest expense, \$0.2 million was amortization of loan fees paid on the Credit Facility, and the remainder related to commitment fees on the unused portion of the Credit Facility and loan administration fees. The Company paid \$1.7 million in interest expense and unused commitment fees for the six months ended June 30, 2016. The average borrowings under the Credit Facility for the six months ended June 30, 2016 were \$108.0 million.

For the three months ended June 30, 2015, the weighted average effective interest rate under the Credit Facility was approximately 2.8% (approximately 3.4% including commitment and other loan fees). Interest is paid quarterly in arrears. The Company recorded interest and fee expense on the Credit Facility of \$0.9 million for the three months ended June 30, 2015, of which \$0.7 million was interest expense, \$0.1 million was amortization of loan fees paid on the Credit Facility, and the remainder related to commitment fees on the unused portion of the Credit Facility and loan administration fees. The Company paid \$0.8 million in interest expense and unused commitment fees for the three months ended June 30, 2015. The average borrowings under the Credit Facility for the three months ended June 30, 2015 were \$104.0 million.

For the six months ended June 30, 2015, the weighted average effective interest rate under the Credit Facility was approximately 2.9% (approximately 3.4% including commitment and other loan fees). Interest is paid quarterly in arrears. The Company recorded interest and fee expense of \$1.8 million for the six months ended June 30, 2015, of which \$1.5 million was interest expense, \$0.3 million was amortization of loan fees paid on the Credit Facility, and the remainder related to commitment fees on the unused portion of the Credit Facility and loan administration fees. The Company paid \$1.6 million in interest expense and unused commitment fees for the six months ended June 30, 2015. The average borrowings under the Credit Facility for the six months ended June 30, 2015 were \$104.9 million.

Notes Offering

On May 5, 2014, the Company closed a public offering of \$25,000,000 in aggregate principal amount of 6.50% notes (the "Notes"). The Notes mature on April 30, 2019, and may be redeemed in whole or in part at any time or from time to time at the Company's option on or after April 30, 2016. The Notes bear interest at a rate of 6.50% per year payable quarterly on February 15, May 15, August 15 and November 15, of each year, beginning August 15, 2014. The Notes are unsecured obligations and rank pari passu with our current and future unsecured indebtedness; senior to any of our future indebtedness that expressly provides for such indebtedness to be subordinated to the Notes; effectively subordinated to all of our existing and future secured indebtedness, to the extent of the value of the assets securing such indebtedness, including borrowings under our Credit Facility; and structurally subordinated to all existing and future indebtedness and other obligations of any of our subsidiaries, including without limitation, the indebtedness of the SBIC subsidiary. The net proceeds to the Company from the sale of the Notes, after underwriting discounts and offering expenses, were approximately \$24.1 million. The Company used all of the net proceeds from this offering to repay a portion of the amount outstanding under the Credit Facility. On both June 30, 2016 and December 31, 2015, the carrying amount of the Notes was approximately \$25.0 million and the fair value of the Notes was approximately \$25.4 million and \$24.6 million, respectively. The Notes are listed on New York Stock Exchange under the trading symbol "SCQ". The fair value of the Notes is based on the closing price of the security, which is a Level 2 input under ASC 820 due to sufficient trading volume.

In connection with the issuance of the Notes, we incurred \$0.9 million of fees which are being amortized over the term of the Notes, of which \$0.5 million remains to be amortized. These financing costs are presented on the consolidated statement of assets and liabilities as a deduction from the debt liability as required by ASU No. 2015-3. See Note 1 for further discussion.

For the three months ended June 30, 2016, the Company incurred interest and fee expense on the Notes of \$0.5 million, of which \$0.4 million was interest expense and the remainder was amortization of loan fees paid on the Notes and administration fees. The Company paid \$0.4 million in interest expense on the Notes during the period.

For the six months ended June 30, 2016, the Company incurred interest and fee expense on the Notes of \$0.9 million, of which \$0.8 million was interest expense and the remainder was amortization of loan fees paid on the Notes and administration fees. The Company paid \$0.8 million in interest expense on the Notes during the period.

For the three months ended June 30, 2015, the Company incurred interest and fee expense on the Notes of \$0.4 million, of which \$0.4 million was interest expense and the remainder was amortization of loan fees paid on the Notes and administration fees. The Company paid \$0.4 million in interest expense on the Notes during the period.

For the six months ended June 30, 2015, the Company incurred interest and fee expense on the Notes of \$0.9 million, of which \$0.8 million was interest expense and the remainder was amortization of loan fees paid on the Notes and administration fees. The Company paid \$0.8 million in interest expense on the Notes during the period.

The indenture and supplements thereto relating to the Notes contain certain covenants, including but not limited to (i) a requirement that the Company comply with the asset coverage requirements of the 1940 Act or any successor provisions, and (ii) a requirement to provide financial information to the holders of the notes and the trustee under the indenture if the Company should no longer be subject to the reporting requirements under the Securities Exchange Act of 1934, as amended.

SBA Debentures

Due to the SBIC subsidiary's status as a licensed SBIC, we have the ability to issue debentures guaranteed by the SBA at favorable interest rates. Under the regulations applicable to SBIC funds, an SBIC can have outstanding debentures guaranteed by the SBA subject to a regulatory leverage limit, up to two times the amount of regulatory capital. As of both June 30, 2016 and December 31, 2015, the SBIC subsidiary had \$32.5 million in regulatory capital, as such term is defined by the SBA.

As a BDC, we are only allowed to employ leverage to the extent that our asset coverage, as defined in the 1940 Act, equals at least 200% after giving effect to such leverage. The amount of leverage that we employ at any time depends on our assessment of the market and other factors at the time of any proposed borrowing.

On August 12, 2014, we obtained exemptive relief from the SEC to permit us to exclude the debt of the SBIC subsidiary guaranteed by the SBA from our 200% asset coverage test under the 1940 Act. The exemptive relief provides us with increased flexibility under the 200% asset coverage test by permitting us to borrow up to \$65 million (based on current regulatory capital, as such term is defined by the SBA, of \$32.5 million) more than we would otherwise be able to absent the receipt of this exemptive relief.

On a stand-alone basis, the SBIC subsidiary held \$98.9 million and \$97.1 million in assets at June 30, 2016 and December 31, 2015, respectively, which accounted for approximately 27.0% and 27.0% of our total consolidated assets at June 30, 2016 and December 31, 2015, respectively.

Debentures guaranteed by the SBA have fixed interest rates that equal prevailing 10-year Treasury Note rates plus a market spread and have a maturity of ten years with interest payable semi-annually. The principal amount of the debentures is not required to be paid before maturity, but may be pre-paid at any time with no prepayment penalty. As of both June 30, 2016 and December 31, 2015, the SBIC subsidiary had \$65.0 million of SBA Debentures outstanding, which mature ten years from issuance. The first maturity related to the SBA Debentures does not occur until 2025, and the remaining weighted average duration of all of our outstanding SBA Debentures is approximately 9.4 years as of June 30, 2016.

As of June 30, 2016 and December 31, 2015, the carrying amount of the SBA Debentures approximated their fair value. The fair values of the SBA Debentures are determined in accordance with ASC 820, which defines fair value in terms of the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The fair value of the SBA Debentures are estimated based upon market interest rates for our own borrowings or entities with similar credit risk, adjusted for nonperformance risk, if any. At June 30, 2016 and December 31, 2015 the SBA Debentures would be deemed to be Level 3, as defined in Note 4 to our consolidated financial statements.

As of June 30, 2016, the Company has incurred \$2.2 million in financing costs related to the SBA Debentures. As of June 30, 2016 and December 31, 2015, \$1.8 million and \$2.0 million of prepaid financing costs had yet to be amortized, respectively. These prepaid loan fees are presented on our consolidated statement of assets and liabilities as a deduction from the debt liability as required by ASU No. 2015-3. See Note 1 for further discussion.

For the three months ended June 30, 2016, the weighted average effective interest rate for the SBA Debentures was approximately 3.1% (approximately 3.6% including loan fees). Interest is paid semi-annually. The Company recorded interest and fee expense on the SBA Debentures of \$0.6 million for the three months ended June 30, 2016, of which \$0.5 million was interest expense, and \$0.1 million was amortization of loan fees. The Company paid no interest expense during the three months ended June 30, 2016. The average borrowings of SBA Debentures for the three months ended June 30, 2016 were \$65.0 million.

For the six months ended June 30, 2016, the weighted average effective interest rate for the SBA Debentures was approximately 2.7% (approximately 3.2% including loan fees). Interest is paid semi-annually. The Company recorded interest and fee expense on the SBA Debentures of \$1.0 million for the six months ended June 30, 2016, of which \$0.9 million was interest expense, and \$0.1 million was amortization of loan fees. The Company paid \$0.6 million of interest expense during the six months ended June 30, 2016. The average borrowings of SBA Debentures for the six months ended June 30, 2016 were \$65.0 million.

For the three months ended June 30, 2015, the weighted average effective interest rate for the SBA Debentures was approximately 2.7% (approximately 3.9% including loan fees). Interest is paid semi-annually. The company recorded interest and fee expense on the SBA Debentures of \$0.1 million for the three months ended June 30, 2015, which represents both interest expense and amortization of loan fees. The company did not pay interest expense during the three months ended June 30, 2015. The average borrowings of SBA Debentures for the three months ended June 30, 2015 were \$17.1 million.

For the six months ended June 30, 2015, the weighted average effective interest rate for the SBA Debentures was approximately 2.0% (approximately 2.9% including loan fees). Interest is paid semi-annually. The Company recorded interest and fee expense on the SBA Debentures of \$0.2 million for the six months ended June 30, 2015, of which \$0.1 million was interest expense, and \$0.1 million was amortization of loan fees. The Company paid \$0.1 million of interest expense during the six months ended June 30, 2015. The average borrowings of SBA Debentures for the six months ended June 30, 2015 were \$16.7 million.

Off-Balance Sheet Arrangements

We may be a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financial needs of our portfolio companies. As of June 30, 2016 and December 31, 2015, our off-balance sheet arrangements consisted of unfunded commitments to provide debt financing to two and three of our portfolio companies totaling \$2.9 million and \$3.3 million, respectively.

Regulated Investment Company Status and Dividends

We have elected to be treated as a RIC under Subchapter M of the Code. So long as we maintain our status as a RIC, we will not be taxed on our investment company taxable income or realized net capital gains, to the extent that such taxable income or gains are distributed, or deemed to be distributed, to stockholders on a timely basis.

Taxable income generally differs from net income for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized appreciation or depreciation until realized. Dividends declared and paid by us in a year may differ from taxable income for that year as such dividends may include the distribution of current year taxable income or the distribution of prior year taxable income carried forward into and distributed in the current year. Distributions also may include returns of capital.

To qualify for RIC tax treatment, we must, among other things, distribute, with respect to each taxable year, at least 90% of our investment company net taxable income (i.e., our net ordinary income and our realized net short-term capital gains in excess of realized net long-term capital losses, if any). If we maintain our qualification as a RIC, we must also satisfy certain distribution requirements each calendar year in order to avoid a federal excise tax on or undistributed earnings of a RIC.

We intend to distribute to our stockholders between 90% and 100% of our annual taxable income (which includes our taxable interest and fee income). However, the covenants contained in the Credit Facility may prohibit us from making distributions to our stockholders, and, as a result, could hinder our ability to satisfy the distribution requirement. In addition, we may retain for investment some or all of our net taxable capital gains (i.e., realized net long-term capital gains in excess of realized net short-term capital losses) and treat such amounts as deemed distributions to our stockholders. If we do this, our stockholders will be treated as if they received actual distributions of the capital gains we retained and then reinvested the net after-tax proceeds in our common stock. Our stockholders also may be eligible to claim tax credits (or, in certain circumstances, tax refunds) equal to their allocable share of the tax we paid on the capital gains deemed distributed to them. To the extent our taxable earnings for a fiscal taxable year fall below the total amount of our dividends for that fiscal year, a portion of those dividend distributions may be deemed a return of capital to our stockholders.

We may not be able to achieve operating results that will allow us to make distributions at a specific level or to increase the amount of these distributions from time to time. In addition, we may be limited in our ability to make distributions due to the asset coverage test for borrowings applicable to us as a business development company under the 1940 Act and due to provisions in Credit Facility. We cannot assure stockholders that they will receive any distributions or distributions at a particular level.

In accordance with certain applicable Treasury regulations and private letter rulings issued by the Internal Revenue Service, a RIC may treat a distribution of its own stock as fulfilling its RIC distribution requirements if each stockholder may elect to receive his or her entire distribution in either cash or stock of the RIC, subject to a limitation that the aggregate amount of cash to be distributed to all stockholders must be at least 20% of the aggregate declared distribution. If too many stockholders elect to receive cash, each stockholder electing to receive cash must receive a pro rata amount of cash (with the balance of the distribution paid in stock). In no event will any stockholder, electing to receive cash, receive less than 20% of his or her entire distribution in cash. If these and certain other requirements are met, for U.S. federal income tax purposes, the amount of the dividend paid in stock will be equal to the amount of cash that could have been received instead of stock. We have no current intention of paying dividends in shares of our stock in accordance with these Treasury regulations or private letter rulings.

Recent Accounting Pronouncements

See Note 1 to the consolidated financial statements contained herein for a description of recent accounting pronouncements, if any, including the expected dates of adoption and the anticipated impact on the financial statements.

Critical Accounting Policies

See Note 1 to the consolidated financial statements contained herein for a description of critical accounting policies.

Subsequent Events

Investment Portfolio

On July 5, 2016 and July 19, 2016, we funded \$0.3 million and \$0.1 million, respectively, of the revolver of HUF Worldwide, LLC.

On July 15, 2016, we made a \$2.6 million investment in the first lien term loan of Good Source Solutions, Inc. Additionally, we invested \$0.2 million in the company's equity.

Credit Facility

On July 29, 2016, we entered into an amendment to the Credit Facility, which amended the minimum incurrence test requiring that the Company maintain a minimum asset coverage of 2.25 to 1.00 immediately after giving effect to additional borrowings to require minimum asset coverage of 2.20 to 1.00 for a period expiring August 31, 2016.

The outstanding balance under the Credit Facility as of August 3, 2016 was \$103.0 million.

Dividends Declared

On July 7, 2016, the Company's board of directors declared a regular monthly dividend for each of July 2016, August 2016 and September 2016 as follows:

Declared	Ex-Dividend Date	Record Date	Payment Date	Amount per Share
7/7/2016	7/27/2016	7/29/2016	8/15/2016	\$ 0.1133
7/7/2016	8/29/2016	8/31/2016	9/15/2016	\$ 0.1133
7/7/2016	9/28/2016	9/30/2016	10/14/2016	\$ 0.1133

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are subject to financial market risks, including changes in interest rates. At June 30, 2016, 78% or 37 of the loans in our portfolio bore interest at floating rates. Of these 37 loans, 31 have interest rate floors that are higher than the current applicable LIBOR rate, effectively converting the loans to fixed rate loans in the current interest rate environment. In the future, we expect other loans in our portfolio will be subject to floating rates. Assuming that the Statement of Assets and Liabilities as of June 30, 2016 were to remain constant and no actions were taken to alter the existing interest rate sensitivity, a hypothetical one percent increase in LIBOR would increase our net income for the three and six months ended June 30, 2016 by approximately \$423 thousand and \$804 thousand, respectively, due the current floors in place. A hypothetical decrease in LIBOR would not affect our net income, again, due to the aforementioned floors in place. Although we believe that this measure is indicative of our sensitivity to interest rate changes, it does not adjust for potential changes in credit quality, size and composition of the assets on the balance sheet and other business developments that could affect net increase in net assets resulting from operations, or net income. Accordingly, no assurances can be given that actual results would not differ materially from the potential outcome simulated by this estimate. We may hedge against interest rate fluctuations by using standard hedging instruments such as futures, options and forward contracts subject to the requirements of the 1940 Act. While hedging activities may insulate us against adverse changes in interest rates, they may also limit our ability to participate in the benefits of lower interest rates with respect to our portfolio of investments. For the six months ended June 30, 2016 and 2015, we did not engage in hedging activities. Changes in interest rates will affect our cost of funding. Our interest expense will be affected by changes in the published LIBOR rate in connection with the Credit Facility. As of June 30, 2016, we had not entered into any interest rate hedging arrangements. At June 30, 2016, based on our applicable levels of our Credit Facility, a 1% increase in interest rates would have decreased our net investment income by approximately \$255 thousand and \$540 thousand, respectively, for the three and six months ended June 30, 2016, respectively. The Notes and SBA Debentures bear interest at a fixed rate per year and would not be impacted by changes in interest rates.

Item 4. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

The Company's management, under the supervision and with the participation of various members of management, including its Chief Executive Officer and its Chief Financial Officer, has evaluated the effectiveness of its disclosure controls and procedures (as defined in Rule 13a-15(e) or Rule 15d-15(e) of the Exchange Act) as of the end of the period covered by this report. Based upon that evaluation, the Company's CEO and CFO have concluded that the Company's disclosure controls and procedures are effective as of the end of the period covered by this report.

(b) Changes in Internal Control Over Financial Reporting

The Company's management did not identify any change in the Company's internal control over financial reporting that occurred during the quarter ended June 30, 2016 that has materially affected, or is reasonable likely to materially affect, the Company's internal control over financial reporting.

PART II — OTHER INFORMATION

Item 1. Legal Proceedings

We are not currently subject to any material legal proceedings, nor, to our knowledge, is any material legal proceeding threatened against us. From time to time, we may be a party to certain legal proceedings in the ordinary course of business, including proceedings relating to the enforcement of our rights under contracts with our portfolio companies. While the outcome of these legal proceedings cannot be predicted with certainty, we do not expect that these proceedings will have a material effect upon our financial condition or results of operations.

Item 1A. Risk Factors

There has been no other material change in the information provided under the heading “Risk Factors” in our Annual Report on Form 10-K as of December 31, 2015. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may materially affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

Not applicable.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

Not applicable.

Item 6. Exhibits

The following exhibits are filed as part of this report or hereby incorporated by reference to exhibits previously filed with the SEC:

- 10.1* Second Senior Secured Revolving Credit Agreement among the Registrant and SunTrust Bank, dated May 31, 2016.
- 10.2* Third Senior Secured Revolving Credit Agreement among the Registrant and SunTrust Bank, dated July 29, 2016.
- 31.1* Certification of Chief Executive Officer pursuant to Rule 13a-14 of the Securities Exchange Act of 1934, as amended.
- 31.2* Certification of Chief Financial Officer pursuant to Rule 13a-14 of the Securities Exchange Act of 1934, as amended.
- 32.1* Certification of Chief Executive Officer pursuant to Section 906 of The Sarbanes-Oxley Act of 2002.
- 32.2* Certification of Chief Financial Officer pursuant to Section 906 of The Sarbanes-Oxley Act of 2002.

* Filed herewith

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

SECOND AMENDMENT
TO SENIOR SECURED REVOLVING CREDIT AGREEMENT

THIS SECOND AMENDMENT TO SENIOR SECURED REVOLVING CREDIT AGREEMENT, dated as of May 31, 2016 (this "Amendment"), to the Existing Credit Agreement (capitalized terms used herein and not otherwise defined shall have the meanings given to such terms in Article I) is among STELLUS CAPITAL INVESTMENT CORPORATION, a Maryland corporation (the "Borrower"), the LENDERS party hereto and SUNTRUST BANK, as Administrative Agent.

WITNESSETH:

WHEREAS, the Borrower, the Lenders and the Administrative Agent are parties to the Senior Secured Revolving Credit Agreement, dated as of November 13, 2012 (the "Existing Credit Agreement"; as amended by this Amendment and that certain First Amendment to Senior Secured Revolving Credit Agreement dated as of November 21, 2014 and as the same may be further amended, supplemented, amended and restated or otherwise modified from time to time, the "Credit Agreement"); and

WHEREAS, the Borrower has requested that the Lenders agree to amend the Existing Credit Agreement, and the Lenders are willing, on the terms and subject to the conditions hereinafter set forth, to agree to the amendment set forth below and the other terms hereof;

NOW, THEREFORE, the parties hereto hereby covenant and agree as follows:

ARTICLE I

DEFINITIONS

SECTION 1.1. Certain Definitions. The following terms when used in this Amendment shall have the following meanings (such meanings to be equally applicable to the singular and plural forms thereof):

"Amendment" is defined in the preamble.

"Borrower" is defined in the preamble.

"Credit Agreement" is defined in the first recital.

"Existing Credit Agreement" is defined in the first recital.

"Second Amendment Effective Date" is defined in Article III.

SECTION 1.2. Other Definitions. Capitalized terms for which meanings are provided in the Existing Credit Agreement are, unless otherwise defined herein or the context otherwise requires, used in this Amendment with such meanings.

ARTICLE II

AMENDMENT TO EXISTING CREDIT AGREEMENT

Subject to the occurrence of the Second Amendment Effective Date (as hereinafter defined), the Existing Credit Agreement is amended in accordance with this Article II.

Clause (d) of Section 4.02 of the Existing Credit Agreement is hereby amended and restated to read as follows:

“(d) until the borrower shall have cumulatively raised at least \$250,000,000 in gross proceeds from the sale of equity securities in one or more offerings (including rollover equity, preferred stock or convertible notes), the borrower shall not be permitted to increase the Revolving Credit Exposure unless, after giving effect to such increase, the Asset Coverage Ratio would equal or exceed (x) for the period commencing on May 31, 2016 and ending on July 31, 2016, 2.20 to 1 and (y) on and after August 1, 2016, 2.25 to 1.”.

ARTICLE III

CONDITIONS TO EFFECTIVENESS

SECTION 3.1. Effective Date. This Amendment shall become effective on the date (the “Second Amendment Effective Date”) when the Administrative Agent shall have received counterparts of this Amendment duly executed and delivered on behalf of the Borrower and each of the Lenders party hereto.

ARTICLE IV

MISCELLANEOUS

SECTION 4.1. Representations. The Borrower hereby represents and warrants that (i) this Amendment constitutes a legal, valid and binding obligation of it, enforceable against it in accordance with its terms, (ii) upon the effectiveness of this Amendment, no Event of Default shall exist and (iii) its representations and warranties as set forth in the Loan Documents, as applicable, are true and correct in all material respects (except those representations and warranties qualified by materiality or by reference to a material adverse effect, which are true and correct in all respects) on and as of the date hereof as though made on and as of the date hereof (unless such representations and warranties specifically refer to a previous day, in which case, they shall be complete and correct in all material respects (or, with respect to such representations or warranties qualified by materiality or by reference to a material adverse effect, complete and correct in all respects) on and as of such previous day).

SECTION 4.2. Cross-References. References in this Amendment to any Article or Section are, unless otherwise specified, to such Article or Section of this Amendment.

SECTION 4.3. Loan Document Pursuant to Existing Credit Agreement. This Amendment is a Loan Document executed pursuant to the Existing Credit Agreement and shall (unless otherwise expressly indicated therein) be construed, administered and applied in accordance with all of the terms and provisions of the Existing Credit Agreement, as amended hereby, including Article IX thereof.

SECTION 4.4. Successors and Assigns. The provisions of this Amendment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

SECTION 4.5. Counterparts. This Amendment may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Amendment by telecopy electronically (e.g. pdf) shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 4.6. Governing Law. This Amendment shall be governed by and construed in accordance with the laws of the State of New York.

SECTION 4.7. Full Force and Effect; Limited Amendment. Except as expressly amended hereby, all of the representations, warranties, terms, covenants, conditions and other provisions of the Existing Credit Agreement and the other Loan Documents shall remain unchanged and shall continue to be, and shall remain, in full force and effect in accordance with their respective terms. The amendment set forth herein shall be limited precisely as provided for herein to the provisions expressly amended and shall not be deemed to be an amendment to, consent to or modification of any other terms or provisions of the Existing Credit Agreement or any other Loan Document or of any transaction or further or future action on the part of the Borrower which would require the consent of the Lenders under the Existing Credit Agreement or any of the Loan Documents. Upon and after the execution of this Amendment by each of the parties hereto, each reference in the Existing Credit Agreement to “this Agreement”, “hereunder”, “hereof” or words of like import referring to the Existing Credit Agreement, and each reference in the other Loan Documents to “the Credit Agreement”, “thereunder”, “thereof” or words of like import referring to the Existing Credit Agreement, shall mean and be a reference to the Existing Credit Agreement as modified hereby.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Amendment as of the date first above written.

THIRD AMENDMENT
TO SENIOR SECURED REVOLVING CREDIT AGREEMENT

THIS THIRD AMENDMENT TO SENIOR SECURED REVOLVING CREDIT AGREEMENT, dated as of July 29, 2016 (this "Amendment"), to the Existing Credit Agreement (capitalized terms used herein and not otherwise defined shall have the meanings given to such terms in Article I) is among STELLUS CAPITAL INVESTMENT CORPORATION, a Maryland corporation (the "Borrower"), the LENDERS party hereto and SUNTRUST BANK, as Administrative Agent.

WITNESSETH:

WHEREAS, the Borrower, the Lenders and the Administrative Agent are parties to the Senior Secured Revolving Credit Agreement, dated as of November 13, 2012 (as amended by that certain First Amendment to Senior Secured Revolving Credit Agreement dated as of November 21, 2014 and that certain Second Amendment to Senior Secured Revolving Credit Agreement dated as of May 31, 2016 and as otherwise amended, supplemented, amended and restated or otherwise modified from time to time through the date hereof, the "Existing Credit Agreement"); and

WHEREAS, the Borrower has requested that the Lenders agree to amend the Existing Credit Agreement, and the Lenders are willing, on the terms and subject to the conditions hereinafter set forth, to agree to the amendment set forth below and the other terms hereof;

NOW, THEREFORE, the parties hereto hereby covenant and agree as follows:

ARTICLE I

DEFINITIONS

SECTION 1.1. Certain Definitions. The following terms when used in this Amendment shall have the following meanings (such meanings to be equally applicable to the singular and plural forms thereof):

"Amendment" is defined in the preamble.

"Borrower" is defined in the preamble.

"Existing Credit Agreement" is defined in the first recital.

"Third Amendment Effective Date" is defined in Article III.

SECTION 1.2. Other Definitions. Capitalized terms for which meanings are provided in the Existing Credit Agreement are, unless otherwise defined herein or the context otherwise requires, used in this Amendment with such meanings.

ARTICLE II

AMENDMENT TO EXISTING CREDIT AGREEMENT

Subject to the occurrence of the Third Amendment Effective Date (as hereinafter defined), the Existing Credit Agreement is amended in accordance with this Article II.

Clause (d) of Section 4.02 of the Existing Credit Agreement is hereby amended and restated to read as follows:

“(d) until the borrower shall have cumulatively raised at least \$250,000,000 in gross proceeds from the sale of equity securities in one or more offerings (including rollover equity, preferred stock or convertible notes), the borrower shall not be permitted to increase the Revolving Credit Exposure unless, after giving effect to such increase, the Asset Coverage Ratio would equal or exceed (x) for the period commencing on May 31, 2016 and ending on August 31, 2016, 2.20 to 1 and (y) on and after September 1, 2016, 2.25 to 1.”.

ARTICLE III

CONDITIONS TO EFFECTIVENESS

SECTION 3.1. Effective Date. This Amendment shall become effective on the date (the “Third Amendment Effective Date”) when the Administrative Agent shall have received counterparts of this Amendment duly executed and delivered on behalf of the Borrower and each of the Lenders party hereto.

ARTICLE IV

MISCELLANEOUS

SECTION 4.1. Representations. The Borrower hereby represents and warrants that (i) this Amendment constitutes a legal, valid and binding obligation of it, enforceable against it in accordance with its terms, (ii) upon the effectiveness of this Amendment, no Event of Default shall exist and (iii) its representations and warranties as set forth in the Loan Documents, as applicable, are true and correct in all material respects (except those representations and warranties qualified by materiality or by reference to a material adverse effect, which are true and correct in all respects) on and as of the date hereof as though made on and as of the date hereof (unless such representations and warranties specifically refer to a previous day, in which case, they shall be complete and correct in all material respects (or, with respect to such representations or warranties qualified by materiality or by reference to a material adverse effect, complete and correct in all respects) on and as of such previous day).

SECTION 4.2. Cross-References. References in this Amendment to any Article or Section are, unless otherwise specified, to such Article or Section of this Amendment.

SECTION 4.3. Loan Document Pursuant to Existing Credit Agreement. This Amendment is a Loan Document executed pursuant to the Existing Credit Agreement and shall (unless otherwise expressly indicated therein) be construed, administered and applied in accordance with all of the terms and provisions of the Existing Credit Agreement, as amended hereby, including Article IX thereof.

SECTION 4.4. Successors and Assigns. The provisions of this Amendment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

SECTION 4.5. Counterparts. This Amendment may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Amendment by telecopy electronically (e.g. pdf) shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 4.6. Governing Law. This Amendment shall be governed by and construed in accordance with the laws of the State of New York.

SECTION 4.7. Full Force and Effect; Limited Amendment. Except as expressly amended hereby, all of the representations, warranties, terms, covenants, conditions and other provisions of the Existing Credit Agreement and the other Loan Documents shall remain unchanged and shall continue to be, and shall remain, in full force and effect in accordance with their respective terms. The amendment set forth herein shall be limited precisely as provided for herein to the provisions expressly amended and shall not be deemed to be an amendment to, consent to or modification of any other terms or provisions of the Existing Credit Agreement or any other Loan Document or of any transaction or further or future action on the part of the Borrower which would require the consent of the Lenders under the Existing Credit Agreement or any of the Loan Documents. Upon and after the execution of this Amendment by each of the parties hereto, each reference in the Existing Credit Agreement to “this Agreement”, “hereunder”, “hereof” or words of like import referring to the Existing Credit Agreement, and each reference in the other Loan Documents to “the Credit Agreement”, “thereunder”, “thereof” or words of like import referring to the Existing Credit Agreement, shall mean and be a reference to the Existing Credit Agreement as modified hereby.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Amendment as of the date first above written.

I, Robert T. Ladd, Chief Executive Officer of Stellus Capital Investment Corporation certify that:

1. I have reviewed this quarterly report on Form 10-Q of Stellus Capital Investment Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e)) for the registrant and have:
 - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (c) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Dated this 4th day of August 2016.
